SELECT NEW CASTLE FOR LIONS' STATE CONVENTION

**IT MUST BE THAT
WILL HAS GRUDGE
AGAINST MUSICIANS**

(Special To The News)
PHILADELPHIA, May 8.—A Jersey woman shot a man that wanted to organize a band. She claimed it made too much noise. Don't seem to be her music, her husband's. She's not a violinist, she's a John of Arc. It was a life and death struggle. The thing that she lost us the Revolutionary War, and for her next shot get the moving picture solo organist who is raised up in view of the audience by some mechanical means that unfortunately always works.

Yours,
WILL.

P. S.—This woman's town boasted that it didn't have a mayor, a policeman, a doctor or an undertaker, that somebody was shot proved they needed a doctor before they did a band.

Next Convention Of Lions Of State To Be Held Here

City Is Selected For 1930
Gathering At Closing
Session In Altoona

**LOCAL DELEGATION
GREATLY ENTHUSED**

Success Crowns Efforts Of
New Castle Lions To
Get Convention

New Castle has been chosen as the place for the 1930 convention of the Lions' clubs of Pennsylvania according to dispatch to The News this morning from Altoona, where this year's convention has been in session during the past two days.

The state affair closed last night following the selection of next spring's meeting place, and the election of David R. Perry, Altoona attorney, as president of the Pennsylvania district for the ensuing year. A banquet in honor of the incoming and retiring state officials was also a closing feature.

Delegation From City
New Castle was well represented at the meeting this year. The local delegation had went to Altoona with the foremost intention of winning the meeting for New Castle next year. Publicity had been planned, and as facilities here equal or exceed any to be found elsewhere in cities of like population throughout the state it was almost certain that New Castle would be the choice.

Heading the local caravan was King Lion E. D. Marvin, and other members of his convention staff, Lion Earl Ramsey, chairman of the "On-

New Castle Stove Works Included In \$1,000,000 Transfer Of Property

Transfer of what is known locally as the Baldwin Stove Foundry property in New Castle to R. V. Bingham of Pittsburgh is shown by a deed recorded at the courthouse this morning.

The transfer figures in a sale of the properties of the Pittsburgh Stove and Range Company of Pittsburgh, which is announced today by H. M. Baldwin, president of the stove company. The deal is said to have involved about \$1,000,000.

R. V. Bingham, the new owner, two years ago sold his \$7,000,000 Transformer Company plant at Pittsburgh. He had built this plant up from a small beginning and is known in Pittsburgh as one of the most progressive manufacturers of the smoke-

city. It has not yet been announced what Mr. Bingham proposes to do with the New Castle plant, but it is anticipated that it may be placed in operation.

The Pittsburgh Stove and Range Company was established almost 100 years ago. Its main plant is located on Preble avenue, a few blocks away from the Transformer plant which Mr. Bingham sold. He announced extensive enlargement of the stove plant, which gives rise to the belief that the New Castle plant will be utilized.

Associated with Mr. Bingham are L. C. McClintock, C. A. Karthausen and E. C. Harrington, former officials of the transformer company.

Expect To Announce Opening
Date Of Jameson Memorial In Near Future

Members of the Board of Directors of the Jameson Memorial hospital furthered arrangements for the opening of the fine new institution at an early date at their meeting held last evening.

Supt. Carl A. Brimmer was instructed to secure the services of a competent dietician and director of nurses, whose appointment is expected to be announced in the near future.

Inspection Soon.
Construction work on the new institution is now practically completed and but a few finishing touches are needed before the hospital will be ready for opening and inspection by the public. No definite date has been set for this event, however, but an announcement along these lines is expected within the next few days.

Most of the equipment has arrived and is being installed. Equipment for the kitchen arrived last week and most of it has been put in place. Equipment for the laundry is also coming in, and will be placed in readiness for operation as soon as possible.

The nurses home is complete and ready for occupancy when the hospital is opened.

FRIENDLY TUSSELE**

Hill Attempted To Seize
Campus Officer's Club
And Gun; Tragedy Follows

NEW YORK, May 8.—"Give me your club and I'll dispose of them."

A friendly tussle with a policeman, induced by these humorously uttered words, had ended today with the tragic death of Edwin Hill, 26, of Burgettstown, Pa. star halfback of New York University's 1928 football team and second ranking athlete at the college.

Hill was on the way to his apartment here last night, accompanied by John Bunyan, former N. Y. U. student. The youths stopped to chat with Patrolman Joseph Green, with whom they were friendly at a police booth near the campus.

During their conversation two girls passed.

Hill halted the girls in a kidding way, according to Green and Bunyan, and then facetiously asked Green for his police club so he could "dispose of them."

Tussle Over Gun
Despite Green's protest, Hill seized the club. Green said he sought to recover the club and that Hill laughed.

PA NEW OBSERVES

And again New Castle gets another convention—this time the Lions of the state. Delegates of Lions clubs from all over Pennsylvania, at the close of their seventh annual meeting at Altoona yesterday, chose this city for the site of their 1930 meeting.

Veterans of the G. A. R. were the guests of the New Castle Kiwanis club today. A special program was presented in their behalf and greatly enjoyed by those attending.

The asphalt drive has not yet been poured at the west side depot of the Pennsylvania, but plans to beautify the place are still progressing. The work will probably be done shortly. Space is to be reserved in the center for grass and flowers.

Lawrence county experienced another light frost this morning, the official temperature at the Water Works being recorded as 32 degrees early this morning. No damage is believed to have resulted however.

Auto dealers were pulling last ones yesterday while the good citizenry were waiting the parade a la circus. Numerous new cars drove through the crowds beaming dealers license plates and how they did shine. It was a clever stroke of display.

The one member of the Pa. News family whose chief ambition is to be a reporter was again sent tingling toward that goal at the parade yesterday.

Advice of R. A. McKimsey to travel across the ocean, see the world and appreciate America, here's good in other lines. "Wanted about the country to other cities and appreciate your home town."

It's peculiar what a lot of litter can be accumulated on the streets after a crowd has been running around in the thoroughfare. Washington street yesterday during the circus parade time, and after the crowd had dispersed the street was badly littered with papers and other kinds of rubbish.

Announcement that the Shenango Ferry is to be doubled at once and will afford employment to 700 or so additional persons is a most substantial.

New Tariff Bill Meets Opposition Hope For Passage

Tariff Measure Launched In Congress Today Faces Bitter Struggle Is Belief

**LEADERS HOPEFUL
BILL WILL PASS**

"Farm Bloc" Shows Renewed Signs Of Life As Tariff Becomes Issue At Hand

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, May 8.—The new tariff bill launched in congress today faced an uncertain destiny—with nearly every member of the house finding both good and bad in it.

Administration leaders confidently asserted that the fledgling would weather the legislative journey unharmed.

At the same time there were rumblings of dissatisfaction which may burst into a storm of vast proportions.

The "Farm Bloc" showed renewed signs of life, with the Minnesota delegation leading a movement to consolidate the strength of agricultural delegations to force changes in the bill.

Industries Protest.
Despite many increases given agriculture, dissatisfaction was voiced over failure of the committee to tax many imported substitutes to force use of American farm products. They were disappointed over the committee's action on coconut oil and copra, black strap molasses, taproot, casein and similar products.

Few protests from industry had come into the open. Members of the powerful Pennsylvania delegation and many other members from eastern industrial districts found much in the bill to approve.

The fact that the committee attempted to carry out Fordney-Hoot's injunction to limit tariff readjustment to emergency conditions arising since the 1922 tariff bill was enacted and to cover new products necessarily brought disappointment to many industries.

Can Be Ironed Out.
All these differences, Republican leaders hope, can be ironed out in a party caucus or conference.

Under their plan a half dozen or more of the most disputed schedules would be opened for amendment on the floor, and the full party majority of 194 would be placed behind the rest of the bill.

Fights already are looming upon the sugar schedule.

Representatives from eastern boot and shoe manufacturing sections declared that they would make a fight for protection on shoes. Western cattle interests, too, were to make their usual fight to place a duty on hides.

The duties on cement, cedar shingles and lumber, brick and cement were expected to bring protests from the building industry. The lumber industry itself is divided over a lumber tariff.

Textile interests, both wool and cotton, believed that they would be able to lift their industries out of depression with the new rates. Some further.

WASHINGTON, May 8.—Pharmacist Harry F. Sinclair, who amused quite a few millions by leaving a Kansas drugstore and dabbling in oil, apparently is going to "get a break" after all during the course of the 90-day stretch he is serving in the District of Columbia jailhouse for contempt of the United States senate.

It is the special knowledge he acquired in his college days back in Kansas that is going to make the three-month ordeal in a "common jail" more bearable.

Aide To Doctor.
Discovery by Major W. L. Peak that Sinclair is a registered pharmacist, and his subsequent assignment in charge of the drug town as assistant to Dr. Morris Hyman, the jail physician, is going to relieve the millionaire prisoner of a lot of inconveniences.

The oil baron works in the dispensary, located in a short second floor corridor that houses only the doctor's workshop, the dental clinic and several small cell-like rooms for the medical and dental staff.

Bridge For East Side

WILL BE ERECTED

Water Company will start laying a new 12 inch water main in North street, from East street to Neshannock avenue just as soon as the contractor hauls in the last large bridge order to the North street bridge.

This large main is being laid to reinforce the East side business district, by connecting the present end of the 12 inch main at North and East street, with the large main crossing the Neshannock creek at the new bridge.

The large amount of improvement work which the New Castle Water Company has been doing in recent years is evidence of the fact that the local management has faith in the future of the city.

Superintendent Richards stated that in addition to other improvements contemplated for this year, work would be started in a few weeks at the Pump Station on the construction of an additional one million gallon reservoir.

Clark Nelson Says His Pocket Picked

Clark Nelson of R. D. No. 4 reported to the police last night that he had his pocketbook taken from his right hip pocket at the circus grounds Tuesday.

He did not discover his loss until he had seen the show and had returned to the upper part of the city. His pocketbook contained between \$8 and \$10 in cash and his drivers and owner's license cards.

ment announcement. This plant is one that has been developed under the direction of James M. Smith and his associates, with New Castle as a base, and is development is a matter of local gratification.

New Castle has been stepping right along industrially during the past few weeks. And it is indicated that the end is not yet.

On an immense van used by a local concern, the words, "New Castle is a good place to shop" are printed. Good idea. Why not more of them? Every truck used by any concern in New Castle could well carry that slogan.

Several local youngsters, unable to attend the circus yesterday afternoon, were having the time of their lives by setting up balloons in the front of a local five-and-ten. They were shooting pins at the big cluster of balloons which had been placed just inside the front door. Quite a few balloons were demolished before the clerk inside got wise to what was going on and hid the door closed.

Although May is just a little more than a week old, statistics furnished by B. F. Johnson at the local weather station, show that the normal rainfall for the month has already been equalled. Lots of Lawrence county farmers don't care if it never rains another day in May.

These are great days for the barnyard golfers, many of whom are getting their eye and arm in trim for the coming summer.

Local marshmallows completed plans for a league last evening and this sport is going to be introduced to the fans this summer at Colonial field, with the confident prediction that it will go over big. Only four teams have entered the league, but more will probably be playing it before the summer is over.

Passing down East Washington street this morning Pa New's was caused to wonder why everyone looked up the stream when they reached the bridge which spans the Neshaunock. Looking up himself he found the exterior new North street bridge structure completed, extending across the creek. It has taken on a real bridge appearance now.

One of Young Pa New's source of

information this morning said he had finally reasoned the cause for the scarcity of elephants. He was one who journeyed to the circus and saw several yesterday. Of course we wanted his answer so we inquired and here's what he said in reply: "Well everything else seems to be, but elephants have not yet been sold on the installment plan."

"She is my lover and playmate and, above all, my closest and intimate friend."

Leitzell received a \$50.00 cash prize for his little eulogy of Mrs. Leitzell.

"Am I the ideal wife?" Mrs. Leitzell countered under cross examination. "Well, I would never say so, although I certainly want to be more than that. I want my husband to think I am. And for him to say so is worth more than to have the rest of the world shout it from the housetops."

"I think Ted has told the qualifications of an ideal wife in the most effective way possible. To be a good sport, a pal of one's husband, not to wince under any circumstances and to carry one's share of the load is my code for a wife."

a successful marriage. And to carry on the little pre-marital courtesies and blandishments is essential to domestic bliss."

Mrs. Leitzell is the cream in her husband's coffee, but she is a deep thinker, a diplomat and a genius, as well.

"What do I think a perfect husband should be?" she asked.

Just like Ted, that's all. Get acquainted with him and you'll know. "A good husband is like a splendid painting—words can't do justice to it or give the real idea."

And that, girls, is what is called "thinking fast."

Leitzell got \$50 cash for describing the perfect wife in writing. Page Roudini, or one of the better known mediums, perhaps they can explain how that same \$50 found its way into the pocketbook of Mrs. Leitzell.

But, then, there isn't really any need.

SINCLAIR TAKES UP JAIL DUTIES AS PHARMACIST

(Continued From Page One)

qualified assistant, Dr. Hyman frequently spent the night next to his dispensary or called in an intern from Gallinger hospital to aid when there was illness or epidemic among the prisoners.

Informal Interns.

Sinclair's jail duties, however, make him an informal intern, specifically charged with compounding Hyman's prescriptions, assisting him in the many minor operations performed and generally taking care of the dispensary. He thus is on call at any hour of day or night and before long probably will be assigned to the dispensary wing for permanent sleeping quarters.

Further, his designation as jail pharmacist means definitely that Sinclair is not to be sent to the work farm at Occoquan, Va., where a brick factory, dairy herd, truck garden, etc., afford hard manual labor and plenty of exercise.

Also, the old man does not have to frequent the front office, where he would have gone had he been assigned to the clerical force, and where he would have been a marked object for the ogings of all the curious who might find their way to the jail.

These "breaks" are the extent of his luck. Special favors he will not receive, and Major Peak is going to be extremely vigilant to see to it that Sinclair, because only on Sunday can any of the "white collar" prisoners receive any callers save their lawyers.

Eats Not So Good.

He can survive himself with penny candy and slabs of cheap pie from the commissary if he wants to, but so can any other prisoner with the price. As for meals, though, he must eat with the rest of the "office men" and abide by their identical bill-of-fare to satisfy the desires of his pampered palate.

If Mrs. Sinclair wants to bake him a cake occasionally, she can do so and send it in. This requires special permission, but Major Peak thoughtfully grants that to many of his honor men from time to time.

And even should the oil baron suddenly become the recipient of special favors he would find his row pretty hard to hoe for the next three months. The prisoners of the district jail are a jealous lot with a strict code of their own. If one of their number goes "high hat" as they call it, even in some rather small way, that fact is less than ten minutes delayed by the grapevine route to the fourth floor tier and back again. The offender is subsequently snubbed and must look closely that he does not become the victim of a number of petty annoyances.

Sinclair is taking his "rap" stoically and in good grace. In the 36 hours he has been a resident at 200 19th street, southside, he has made the acquaintance of the bookmaker and the embezzler who sleep on either side of him in the east wing dormitory, has rolled up a lot of pills for Dr. Hyman and assisted the latter in a minor operation, and generally made himself useful—marking the calendar meanwhile in common with the rest of the undermanned in whose midst he finds himself.

Pennsylvania Bus Petition Hearing Conducted Today

Company Asks Authority To Operate Bus Line From New Castle To Erie

Action on the petition of the Pennsylvania Transit Company, a subsidiary of the Pennsylvania railroad, which requested the commission to authorize the company to operate a bus line parallel with its tracks between Beaver Falls and Erie, was expected to be taken today.

The hearing of the company, scheduled for some time ago, was taken place at the commission's meeting in Harrisburg today.

If the application is granted, the Pennsylvania will inaugurate a new bus service between this city and Erie, via Sharon, Greenville and other Shenango valley towns. The application also asked for a charter to operate a short line from Linesville to Mahoningtown over the same route.

Will Arrest Dog Owners

"Dog complaints are becoming altogether too numerous," remarked Chief of Police C. C. Horner this morning, "and we propose putting a stop to some of them at least, by ordering the owners of the dogs allowed to run at large and destroy other people's property, into police court, where they will be fined."

"Those owners of dogs," said the chief, "who think enough of them to have them licensed, also know well enough that it is against the law to allow them to run at large and annoy other people and therefore there will be no alibi sufficient to get out of paying a fine, when the owner is ordered in. Stay dogs will be shot."

One such dog owner was ordered in Tuesday and paid a fine. The calls are becoming so numerous that the officers have been having little time to attend to more urgent business of the department.

NEW TARIFF BILL MEETS OPPOSITION, HOPE FOR PASSAGE

(Continued From Page One)

their changes, however, will be sought in the Republican caucus. These schedules also are expected to be assailed as placing a heavy burden upon clothing consumers.

Expect Protests.

Foreign interests were expected to protest the sugar duties. Canada undoubtedly will be dissatisfied with higher duties on milk, cheese and lumber, England, Japan and Germany were hit in the raise in pottery duties. Argentina will criticize the increase in duties on corn, Mexico will be dismayed by raises on fresh vegetables to benefit Florida, parts of Texas and California; Germany will be hit by changes in the chemical and metals schedules and Italy will feel the added protection given some citrus fruits and nuts.

The committee's action in making drastic changes in the administrative schedules, however, is expected to bring the greatest foreign protest.

The tariff commission in the future can virtually disregard foreign cost of production in recommending emergency increases, and the president can apply American valuation if it appears that foreign manufacturers are under-valuing their products to evade duties. The treasury, instead of the courts, is made the judge of values instead of the customs court, which is changed to an appraisers' board.

Chairman Hawley defended the bill vigorously, declaring that it meets emergency conditions in industry and agriculture.

BALLOON RACERS REPORTED SAFE

to trouble as soon as it drifted over the foothills of the Alleghenies, according to the crew. An electrical storm, rain, drizzle and snow pellets hit the balloons. Finally, with the balloon covered with ice, the crew decided to descend, landing on a small island in Moose Lake. Despite the fact that they tossed almost all of the contents of the bag overboard, the men had retained their rubber boat and they inflated this and floated to the mainland.

They wandered through mountain fastness, underbrush and woodland for more than 50 hours, but covered only a total distance of 10 miles. Finally, exhausted and nearly starved, they came upon a road repairman who took them to his home and fed them. They were then able to communicate with the outside world and made their way to civilization.

Plan For Return.

NEWCOMB, N. Y., May 8.—E. J. Hill, pilot, and his aide, Arthur G. Schlosser, safe and sound in this little hamlet in the heart of the Adirondacks, today planned an early return to Detroit from which city they originally started to enter their balloon.

The Detroit Times said the national balloon races at Pittsburgh.

The two men, half-starved, chilled from exposure and near exhaustion, stumbled out of the wilderness near here yesterday. They told their 32 hours of wandering in rain and mist through one of the most desolate regions of the Adirondacks after their ice-encrusted gas bag came to earth at 7:15 o'clock Sunday morning.

Despite the fact that the derelict balloon is but 12 miles from here, as the crow flies, and but three miles from a motor road, Hill and Schlosser stumbled blindly around for more than two days before reaching civilization.

The men landed Sunday morning on the shores of Newcomb lake. Monday morning, Howard Anderson of Newcomb picked them up and brought them here.

Will Arrest Dog Owners

"Dog complaints are becoming altogether too numerous," remarked Chief of Police C. C. Horner this morning, "and we propose putting a stop to some of them at least, by ordering the owners of the dogs allowed to run at large and destroy other people's property, into police court, where they will be fined."

"Those owners of dogs," said the chief, "who think enough of them to have them licensed, also know well enough that it is against the law to allow them to run at large and annoy other people and therefore there will be no alibi sufficient to get out of paying a fine, when the owner is ordered in. Stay dogs will be shot."

One such dog owner was ordered in Tuesday and paid a fine. The calls are becoming so numerous that the officers have been having little time to attend to more urgent business of the department.

Deaths of the Day

Mrs. McKinney Buried.

Funeral services for Mrs. Mabel Marshall McKinney of Big Beaver township took place Tuesday afternoon at 2:30 from the home of her aunt, Mrs. Elizabeth Shannon, of Beaver Falls.

The services were in charge of Dr. Alexander Savage of the Reformed Presbyterian church of New Galilee assisted by Rev. Calvin of the New Galilee U. P. church, Rev. J. G. Bingham of the Wampum Presbyterian church and Rev. Shear of the M. E. church of Beaver Falls.

The services were attended by many friends and neighbors. Symphonic and extemporaneous music by the professor of beautiful flowers which banked the casket. Mrs. Benjamin Patterson sang during the services the hymn "The Lord Is My Shepherd."

Interment was made in the White cemetery and the pallbearers were: Roy McKim, Benjamin Jenkins, James McKinney, Curtin Miller, S. P. McCreary and John McCreary.

John E. Urmon.

John E. Urmon, aged 56 years, well known and highly esteemed resident of this city and veteran of the Spanish-American war, passed away at the family residence, 1311 Delaware avenue, Tuesday afternoon at 3 o'clock after an illness of several weeks.

Mr. Urmon was born in New Castle August 31, 1872, a son of Joseph and Anna Eliza Walker Urmon, pioneer residents of this city.

For a number of years he had been associated with the safety department of the Carnegie Steel Co. He was a member of the First M. E. church. During the outbreak of the Spanish-American war Mr. Urmon enlisted with Co. B, Sixteenth Pennsylvania regiment.

Besides his wife, Elizabeth Anderson Urmon, he leaves two daughters Helen Marie and Harriet Ruth. He also leaves three brothers, Dr. Allen Urmon, Russell Urmon and Harry Urmon, and two sisters, Mrs. W. P. Fulch and Mrs. A. E. Stahl of this city.

Funeral services will be conducted Thursday, May 9, at 2 p. m. D. S. T. from his late home. Burial will be made in Oak Park cemetery.

Green caught the hand with which Hill grasped the gun but the sturdy football star held tight to the weapon and the two grappled.

For a few moments they swayed back and forth. Then there was a sudden flash as the gun went off and the horrified patrolman saw Hill crumple to the ground.

Green raced to a telephone and called an ambulance. Dr. Sanamore of Fordham hospital responded but the youth was already dead. Dr. Sanamore said Hill had probably died instantly.

An immediate inquiry into the shooting was started by Deputy Police Commissioner Felix Muldoon and Deputy District Attorney John McGeenan. Bureau verified Green's story that the shooting was accidental.

Hill, a senior student of commerce at the university, was the son of Charles J. Hill, wholesale grocer of Burgetstown.

The dead youth had made his varsity letter in two sports, football and baseball, and ranked next to Ken Strong among the college athletes.

STAR LORE ONE'S POINT OF VIEW By Arthur DeV. Carpenter The writer has often asked groups of children if the earth belongs to the sky and the invariable answer has been, "No. For some of generations in the history of human experience, men thought in terms of 'the heavens and the earth.' This emphasis was natural from the belief that the earth was the center of the universe. It was not until relatively modern times the idea received universal acceptance that the earth was a planet sweeping in a great annual orbit around the sun. Thus we see that talks about 'the earth and they who dwell therein' come under the heading of 'Star Lore.' (More Tomorrow)

115 B & O MEN TEST 4 LEADING CIGARETTES

"Why should I change?" says the average smoker, when someone suggests another cigarette.

"I'm used to my brand . . . and it's a good smoke."

Of course it's good. Not even Old Man Habit can hold a smoker to a poor smoke. But being used to an old thing often keeps a man from getting acquainted with a better one. That's the reason for these "concealed name" cigarette tests now going on all over the country. To give a man a chance to find out, on the level, which cigarette his taste really does like best.

Look what happened at the Mt. Clare shops of the B & O in Baltimore, the other day. Most of the fellows there had been smoking that old favorite (let's call it Brand Y) for years. But when Chairman of Machinists, James E. Poulton, handed out the four leading cigarettes with paper "masks" over the names, 57 out of 115 picked OLD GOLD as the best cigarette. It was a walkaway for OLD GOLD!

"That only proves," said a chief mechanic, "that a fellow misses a lot if he gets too set in his ways."

Commencement Plans Complete

Program For Annual Graduation At Westminster Is Announced

HUNDRED SENIORS
TO RECEIVE DEGREES

(Special To The News)
NEW WILMINGTON, Pa., May 8. Plans for the commencement activities of the class of 1929 at Westminster College have been completed with the exception of a few details and were announced yesterday. A week-end program of activities has been prepared to take the place of the mid-week commencement of other years. Both the new chapel in Old Main Memorial and the United Presbyterian church will be used for the various exercises.

On Friday, May 31, fraternities and societies will hold their annual reunions at 8 p. m. On Saturday, June 1, the closing chapel service of the year will be held in the United Presbyterian church at which time various awards and honors will be announced and presented.

The annual alumni dinner will be held in the United Presbyterian church at noon and the alumni meeting will be held in the Sabbath School rooms at 1:30.

Senior class day exercises, directed by Luther Abraham and his committee, will take place at 3:30 in the Community House. Class reunions are scheduled for 5 o'clock Saturday afternoon. At 8:15, the oratorio society will present the cantata "Ruth" in the United Presbyterian church; and at 10 o'clock Saturday night the traditional peace post-war will take place on the campus.

The program for Sabbath June 2 includes the annual Christian Association service at 11 o'clock in the United Presbyterian church, an organ and choir recital in the church at 4 o'clock in the afternoon, and the baccalaureate service, preached by President W. Charles Wallace, in the new chapel at 8 o'clock.

On Monday, June 3, the athletic council will hold its meeting in the gymnasium at 10 o'clock. A graduate recital for students in the music department will be held in the United Presbyterian church at 10 o'clock also.

The annual commencement exercises, at which time 100 students will receive degrees, will take place at 2 o'clock Monday afternoon in the United Presbyterian church.

Announcements of speakers for the Christian Association service and the commencement exercises will be made within a few days. In all probability, one of the men to be honored with an honorary degree will preach the association sermon.

SEVENTH WARD NEWS

Lookout Class Plans
For Tureen Dinner

Twenty Present At Meeting; Other News Notes Of The Seventh Ward

Members of the Lookout Bible class of the Mahoning M. E. church had their monthly social meeting Tuesday evening in the church parlor. Mrs. J. A. Waddell is teacher of the class. Twenty were present. Mrs. Herbert Scott of Woodlawn, Pa., was an out of town guest.

During the evening there was devotionals after which a business meeting was conducted. Plans were made for a tureen dinner to be held at the next social class meeting on June 4. Committee appointed in charge of arrangements, Miss Anne Keitel, Mrs. Chester Johnson, Miss Emma Freed, Mrs. W. L. King, Mrs. L. C. Godwin and Mrs. Ralph Taylor.

A social time spent in games followed the business meeting. Entertainment for the evening was in charge of Mrs. Roy Watson, Mrs. Maurice Boyd and Mrs. Robert Stewart.

At a seasonable hour delicious refreshments were served by the associate hostesses, Mrs. Jack Wilson, Mrs. Claire Gorley and Miss Isabel Tackitt.

TO SPEAK TONIGHT
Harry J. Scheidehammer, theological student of Princeton seminary, will speak this evening at the mid-week prayer service in the Mahoning Presbyterian church. The service is at 7:30 eastern standard time. Mr. Scheidehammer leaves the latter part of the week for the western part of Canada where he will preach during the summer.

LITTERED GROUNDS
Here today, but gone the next, is the way of a circus. It is wasn't for the littered appearance of the grounds at the corner of N. Cedar street and Macomber avenue it would not be known that a circus had been in town. Work had already begun this morning to clean up the grounds.

One girl and three boys apparently on their way to school were walking about on the grounds looking for valuables which might have been lost.

S. C. W. BIBLE CLASS
The S. C. W. Bible class of the Mahoning Presbyterian church will have their monthly social meeting on Thursday evening in the church parlor.

st Episcopal, says the past enriches the future with precious landmarks. It does, and especially comforting is the recollection of foolishness that will not happen again.

The prophet Joshua, in his erection of landmarks at Gilgal and Schechen, impressed the people. We are impressed by looking back on mistakes, now unbelievable. We learn to do better, just as it is too late to make much difference. But the learning may help us in another life.

The Rev. H. A. Cronin, Knights of Columbus chaplain, says a majority of us only play at life, on the edge of time as children play on the sand at the edge of the seashore. That is no exaggeration. There are on earth about 1,600,000,000 human beings, of whom 99 in 100 die without ever thinking.

President Hoover says the presidential yacht Mayflower is an extravagance, and orders the boat sold. That will save each year six times the President's salary. Therefore, Mr. Hoover's coming eight years in office will cost the people \$3,000,000 less than nothing, thanks to his Mayflower decision.

Why not use some of that money to provide a decent life pension for ex-presidents?

Baked—baked—oven-baked!

What a fine baking Heinz Baked Beans get—in real baking ovens.

It takes more time.

And it takes a lot of trouble, but it helps give that glorious flavor.

And that good sauce that covers them all, and blends with every bean!

That marvelous Heinz kind of tomato sauce that adds so much to the joy of eating Heinz Oven-Baked Beans.

You can buy Heinz quality at practically no additional cost. And Heinz quality in Oven-Baked Beans, just as in Cooked Spaghetti, Tomato Ketchup, Cream of Tomato Soup, Vinegars, Rice Flakes, Peanut Butter, or any of the 57 Varieties, always gives you more for your money in flavor, goodness and satisfaction.

Many Pupils In Senior High Arranging To Attend Summer School

Final examinations for the students of the senior high school will commence on Monday May 27 at 8:30 a. m. and continue until Thursday, June 6 according to Principal F. L. Orth of the high school.

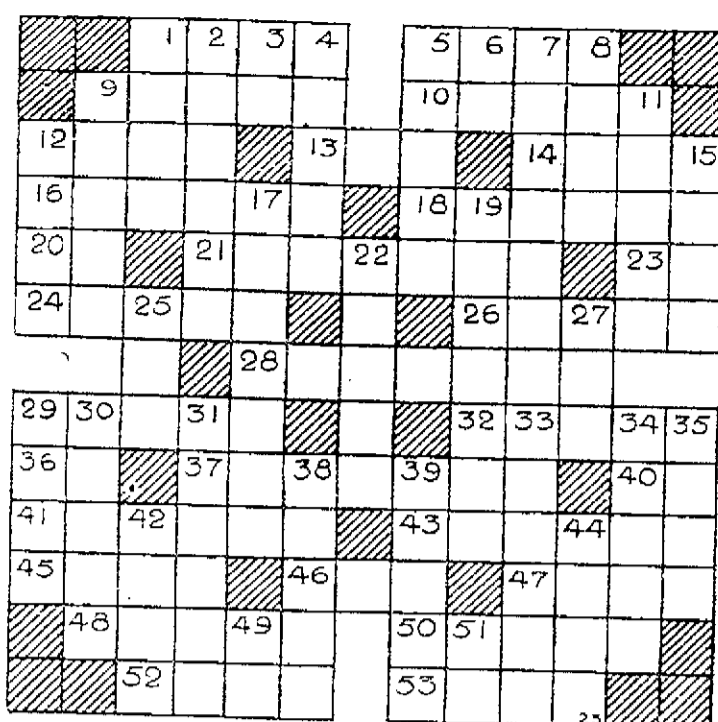

In a short time every class in school will commence to review on all work done throughout the school year so that they will be prepared to take their final examinations of the present school term.

At the present time students who failed last semester are making application to attend summer school during the first six weeks after school is out. Many students are also making plans to take advance work in summer school. It has not yet been decided whether summer school for the high school students will be held in the high school building. This matter will be decided upon at the next meeting of the school board.

The Pennsylvania Power Company has taken over the meeting of the Booster Club of December to be held Monday evening of next week in the senior high school building at that place.

The company will furnish the program for the evening which will include a demonstration of electric cooking and refrigeration and also a number of entertainment numbers.

\$25
we'll pay you
if you buy any other car
after taking a look at Hupmobile

Here's a sporting proposition that will pay you a profit . . . no matter what happens. As an evidence of our faith in HUPMOBILE we say to you:

Give us a fair opportunity, in our salesrooms and on the road, to demonstrate HUPMOBILE to you in comparison with any other car in HUPMOBILE'S price class. You to be the sole judge and jury.

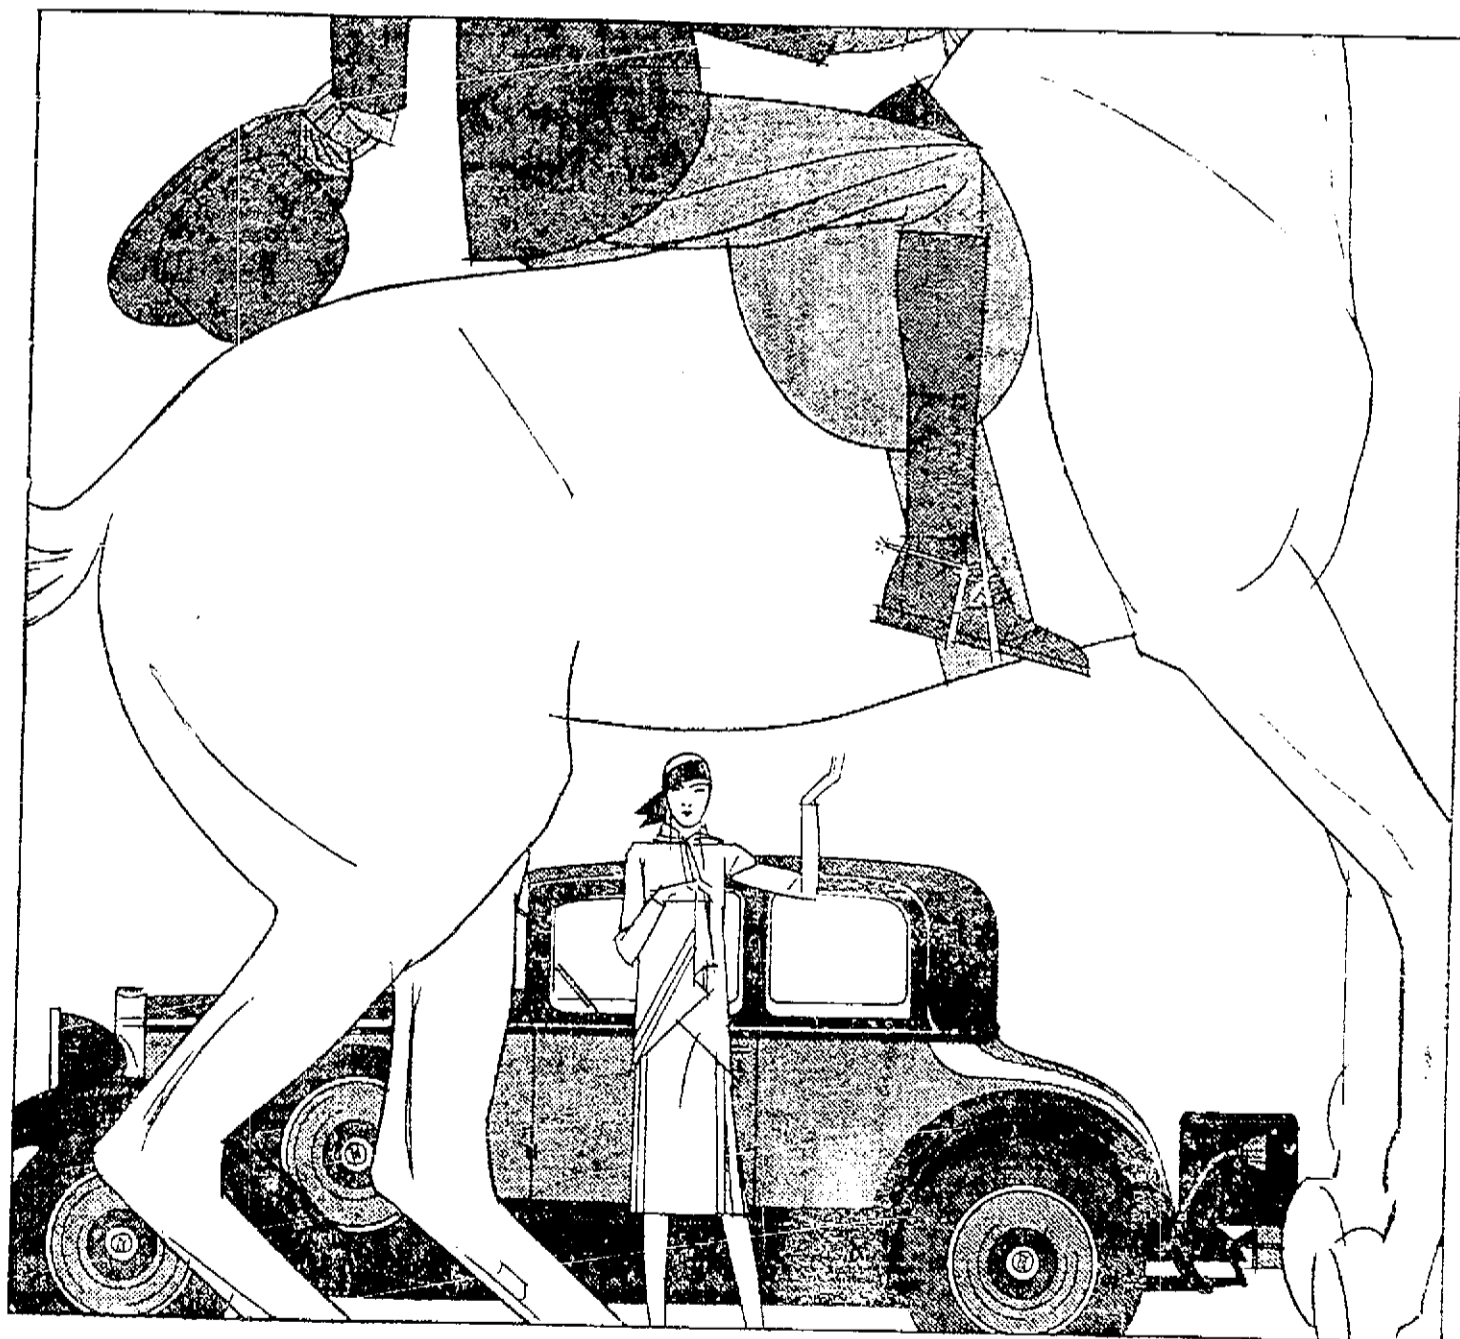

If we fail . . . and within two weeks you buy the other car in preference to HUPMOBILE . . . we'll pay you \$25 for the time you spent with us!

Unusual? Granted! But we're selling an unusual, an unparalleled motor car value.

We not only *think*, we **KNOW** that HUPMOBILE is the finest motor car value in its field. We know it so well that we are not only willing, but eager to put our check book back of this claim.

In style, in beauty, in pep, in easy-driving qualities, in all-round modern motor car comfort and performance, HUPMOBILE has no rival in its price class. And our money "is ready and waiting" to prove our claim to anyone who is in the market for a car.

This offer is limited to two weeks. You have everything to gain and nothing to lose by accepting it. Come in and let's go!

Third Big Girder Is Placed Tuesday

The third big girder for the North street bridge, which was hoisted to the bridge site Monday, was set in place Tuesday afternoon, and preparations are now being made for the arrival of the last one.

When the other girder is placed the construction work will be speeded up to completion. The cross beams between the first two girders are already in place, and work of putting in the other half will take but a short time, once the last big supporting beam is here.

PEPPER'S ADVENTURES IN ANIMAL LAND

EVERY KNOCK'S A BOOST.

Peter had heard all that, he could stand without asking questions. "Please Mr. Wild Gander said he would you mind telling me how the Loons race and where? And who are the Loons anyway? Birds or beasts? I am afraid I sound very stupid, but do you know I have never seen one although I do remember the name."

"Never seen a loon! Then you have missed half your life," cried Tommy Gosling. "You don't know what jolly birds Loons are for they are birds of course. Just to look at them trying to waddle about on the land is enough to make you smile. And your sides just ache from laughing after you have watched them at their games. The Loons race in Loon's Pond, but I couldn't possibly tell you about it, you must see it for yourself. Come along with us Two-Legs, can't you?"

Tommy Gosling had answered Peter's questions before Father Gander had had a chance to say a word, but Gander didn't scold. Instead he looked proudly at Tommy's tongue he thought him a very smart youngster indeed. Then he turned to the boy.

"I second my son's invitation," said he. "Come along with us Two-Legs if you will, I promise you sights you have never seen and never would see if you did not go to Loon Lake as the guest of some bird and that bird a friend of the Loons. For of all the every thing I have seen, just the Loons are the worst. They take every thing for an enemy until he proves he is not."

"And it is hard for any stranger to prove he is a friend for the Loons will not let him come close enough to them until they fly at his approach. As for a Two-Legs I have never heard of one who ever won his way into their good graces. But once they do know you and like you they

PEPPER'S ADVENTURES IN ANIMAL LAND

are friends for life. As I said before jolly friends they are too. Yes, no come with us Two-Legs and see the fun!" Mrs. Goose nodded at the boy. "I'd love to," cried Peter. "Is it far? And how shall I get back?"

"If we start now we shall reach Loon Lake by twilight the playtime of the Loons and as for getting back again you need not worry about that. Any passing traveler will bring you and we will gose will see to it that you get out of the woods all right. Come, let's not talk any more about it. Now when I back up to the shore you step upon my back and we will be off."

Father Gander gave the cry that brought his children scuttling to his side.

Governor Signs Seven Measures

Three Bills Suffer Veto; School Superintendent Measure Is Approved GRIMES BILL IS NOT APPROVED

HARRISBURG, May 8.—Governor John S. Fisher today acted on a series of bills affecting the schools of the state, signing seven and vetoing three. He also announced his action on a score of other measures. One of the more important school bills approved will grant a first increase of \$500 to school superintendents in all counties of fourth, fifth, sixth, seventh and eighth classes. The governor also approved the Grimes bill which would have permitted creation of separate school districts upon the majority vote is assessed value of owners of real estate rather than the total number of taxables was vetoed. Another school measure vetoed was an appropriation of \$215,000 to the department of public instruction for payment to school districts which have incurred more than their legal limit of indebtedness. In vetoing the measure the governor asserted that the public school system is absorbing a constantly increasing proportion of the general revenues and that while such maintenance "is laudable" the benefits must be equally distributed.

Over 1100 Aliens Come Into State During March

(Special To The News) WASHINGTON D. C., May 8.—The population of Pennsylvania during the month of March was increased by 1,191 who were admitted to the country and who expressed their intentions of becoming permanent residents of the Keystone state. Harry E. Hull, com-

missioner general of immigration announced. During the same month 132 aliens who were residing in Pennsylvania left the country the commissioner also states. Pennsylvania ranked high among the states of the country in the admission of aliens during March. In the country as a whole 20,145 immigrants were admitted during that period and at the same time 2,449 aliens who were residing in the United States left the country the commissioner reports.

Boy Burbank Gives Radio Garden Hints

California Youth Attracting Much Attention By Garden Wizardry (International News Service) LODI, Cal., May 8.—California's young radio star, Warren Van Vleet, Lodi's grammar school boy, whose garden wizardry has attracted such attention that he is being radioed over a Stockton radio station, and the boy Burbank filled the air with gardening hints. The late Lodi Burbank, of course, is the inspiration of the Lodi boy. "But I'm no beginner in this business—I began when I was four years old—dad gave me a package of seeds and a trowel and told me to operate in the back yard," explained the boy agriculturist. Young Van Vleet is reaping a neat profit from cut flowers. A spacious vacant lot is used as his experimental garden. Last year he saved enough money to buy 200 tulip buds, and from this he is starting out with 800 valuable plants this season. In addition, there are 1,250 gladioli and hundreds of beautiful asters in which he specializes. He won the first award for asters at the San Joaquin county fair last year. Warren, who is in the sixth grade, inherits his garden interest from his father, who is secretary of the county farm bureau.

Danger Signals of High Blood Pressure

"Dizzy spells, hot flashes, pains in the head, shortness of breath, sleeplessness, and nervousness usually indicate high blood pressure," warns physicians who found treatment to be of great value. These are symptoms which show an accumulation of poisonous waste matter in the system or that one or more of your organs has weakened and caused the heart to be overtaxed. Check it at once for it is known high blood pressure brings on hardening of the arteries, and other serious conditions. Norina, a physician's prescription, reduces blood pressure so surely it is regarded as a great medical success. Of no one better bring prompt relief. Ask for Norina at any drug store.

Making Plane Accessories

BY PAUL E. GARBER

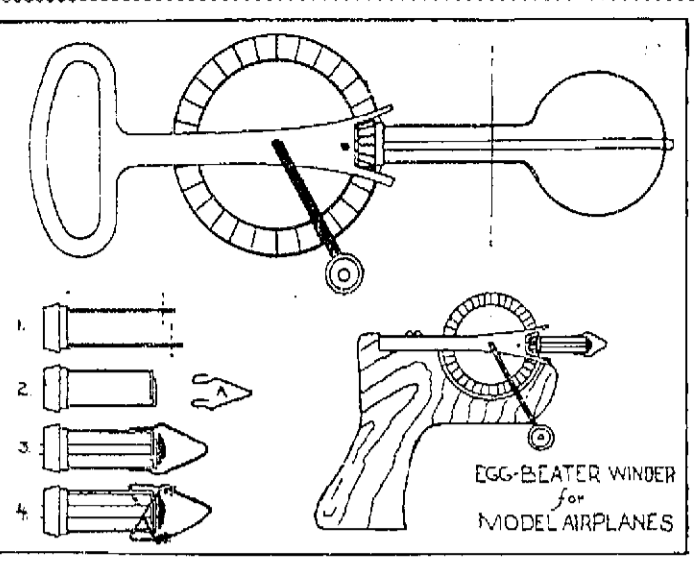

Fig. I

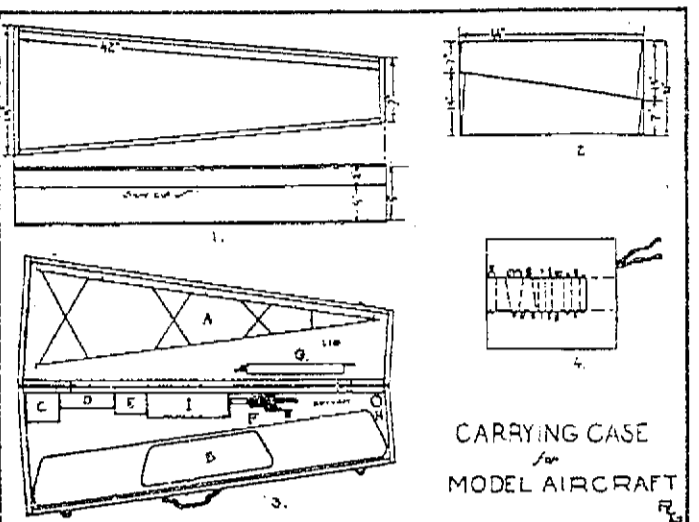

Fig. II

The most useful accessory is a winder. Strips are made of aluminum as is the case which makes soldering difficult. An equally satisfactory job can be done by routing the washer to the shaft and making the fitting by twisting the wire through holes. The effort required to make one of these winders is more than repaid by the ease with which the model may be wound. Most egg-beaters have a gear ratio of one to five, therefore a twin-pusher model with one of these devices may be wound in one-tenth of the time required by hand. When operating the winder use care in turning so that the propellers will revolve properly. If they do not it will be easier to correct the direction of winding by turning the model upside down than by operating the winder backwards. Before winding stretch the rubber about three times its normal length, and as you wind approach the model so as to arrive with the winder at the model when the strands are fully twisted. Unhook from the winder and attach to the model; in case of a twin pusher, guard the fuselage against breakage as the strands are hooked on. If the rubbers are wound up then allowed to run down then wound again they will take more turns the second time. A Model Carrying Box. Because model aircraft are usually quite fragile care must be taken to guard against injury. A model-carrying box is useful for this purpose and serves to preserve the parts. While the model is under construction also to carry the finished models to and from the flying field. Figure II shows a type that will accommodate models up to 42 inches in length; of course the dimensions can be increased for larger models. The following material is necessary: 1 board of white pine or poplar, etc., 9 ft. x 6 in. x 1/2 in. 1 piece of combed board for beaver board, etc., 44 x 21 in. 2 butt hinges, 1 1/2 x 1/2 in. 2 fasteners; 1 handle, screws, nails, paint.

First cut the 6-inch board into four pieces of which two are 42 inches in length, one 14 inches and one 7 inches. Plane the ends of the long pieces to a slight angle as shown in Figure II so as to make it easy to fit at the corners. Glue and nail the frame together using eight-penny finishing nails. Next cut the combed board as shown at 2 and nail these sides to the frame. Use flat-head nails preferably No. 14-1 inch. Make a mark 2 inches from one side, 2 1/2 around the box and saw the box apart on this line. Plane the sawed edges, hold the box together again and mark the positions for the hinges (6 inches from each end.) Now open the box with a chisel, cut little depressions to take the hinges, then screw in place as shown at 3. The depressions must be deep enough to permit the edges to fit snugly when closed. Figure II shows an arrangement of parts inside where A is a fuselage; B the wings; C a can of rubber strands; D a box containing Ambroid, spare parts, dope, etc.; E a tool-roll such as that shown at 4; F a winder; G a roll of scrap wood and fabric for patches; H a spool of thread and I a box of propellers. These various objects may be held in place by tapes attached to screw-eyes or the various items may be in boxes built into the carrying box itself.

POPPY FUNDS AID HOMELESS VETS' CHILDREN

Part Of Proceeds From Poppy
Sale Here Memorial Day
Go To National Home

During the week of Memorial Day, posts of the Veterans of Foreign Wars of the U. S. have for the past seven years been distributing V. F. W. Buddy Poppies from coast to coast. The proceeds of this nation-wide sale have been used to maintain welfare activities in behalf of the disabled.

Since 1920, a certain portion of the funds gained in this manner have been diverted toward the maintenance of the V. F. W. National home, established at Eaton Rapids, Michigan, in 1925, where the children of deceased veterans are given the love and care accorded to more fortunate youngsters.

Groups of these children live in separate cottage units, under the watchful eyes of "house mothers." They are provided with every need, educated and equipped with vocations that will eventually permit them to earn their own livelihoods.

Cottage units have been erected at the V. F. W. National home by Michigan and New York departments of the V. F. W. plans have already been drawn for an Illinois unit, while the states of Virginia, Connecticut, and New Jersey and others have created building funds with the same purpose in view.

Fred Stover of Butler, Pa., a past commander-in-chief of the Veterans of Foreign Wars of the U. S. is serving his second term as president of the board of trustees of the V. F. W. home. Dr. C. L. Caneer, Detroit, is executive secretary; H. N. Duff, Lansing, treasurer; and John A. Appleyard, commander of the department of Michigan of the V. F. W., is secretary.

A big response is expected to the appeal to purchase Buddy Poppies on Saturday, May 15th, when the Harry L. McBride post stages their annual poppy day sale.

R. E. Glenn and daughter Thelma of Slippery Rock were callers at Portersville Saturday.

The W. C. T. U. held its regular meeting at the home of Mrs. Flora Armstrong at Plankgrove on Thursday afternoon. Thelma Humphrey, flower mission superintendent, had charge of an interesting program. After devotionals music was furnished by Mrs. Emma Armstrong and Mary Dight, also a duet by Robert Armstrong and Lillian Patterson. Rev. Dickson gave a talk which was much enjoyed. Dainty refreshments were served by the hostess and aides at the close of the program. The June meeting will be an all day picnic on June 6 at the home of Mr. Lillian Book. Social committee to arrange for dinner L. T. L. and T. L. B. will arrange the program.

The Europa grange gave the program at the Worth grange hall on Tuesday evening. After the program refreshments were served by the social committee.

On Friday a birthday social will be given at the grange hall.

Helen Davis of Portersville spent the week-end with her parents, Mr. and Mrs. Joe Davis.

Mrs. Mabel Vogan and sons Ernest and Eugene, Mr. and Mrs. Homer Vogan and children Mary Elizabeth, Homer Leroy and Donald, all of Oil City, came to attend the closing exercises of the Rocky Hill school district taught by Paul Wimer. They also visited Mr. and Mrs. Clyde Vogan and family.

Mr. and Mrs. Howard Shaner were New Castle callers Saturday.

England Opposes Allotment Scheme For Reparations

(International News Service) PARIS, May 8.—Sir Josiah Stamp, chief of the British delegation to the reparations conference, conferred today with Owen D. Young, chairman of the experts' committee, seeking a revision of the apportionment of reparations as stipulated by the Young plan. England opposes the allotment scheme of the Young plan. It is claimed that England would get less than the amount stipulated by the Spa agreement.

Chairman Young's supplemental memorandum supports the figures of the Young plan, explaining only the method of calculation and the suggested apportionment of reparations.

Governor Signs
Bill Giving \$24,000
Aid To Hospital

With the signature of Governor John S. Fisher attached to the appropriation bills, the Jameson Memorial hospital is certain to get \$24,000 state aid in the next two years. The bill specifying that amount for the local institution has been signed by the governor and is now a law. The bill providing \$7,000.00 for the Almira Home was signed several days ago.

Days' Prayer In Congress

The Rev. Joseph R. Sizoo, D. D., minister of the New York Avenue Presbyterian church of the city of Washington offered the following prayer:

O Thou who art ever mindful of Thine own, who knowest how prone we are to forget Thee when health and success attend our way and whose refuge we seek in times of distress and need, we ask Thy forgiveness for our want of gratitude and our lack of filial affection. Grant us for yet another day Thy watchful providence over all our tasks. Thy wise counsel in all our deliberations. Thy sustaining grace in all our needs and Thy atoning love for all our sins. Through Jesus Christ our Lord, Amen.

San Quentin Losing Spanish Instructor

Thousand Students Will Miss
Negro Prisoner After
Discharge

(International News Service) SAN QUENTIN STATE PRISON, Calif., May 8.—Archie Williams, a Negro prisoner, instructor in Spanish classes in the prison, is due for parole soon. All of which is causing no little consternation within these prison walls, for there isn't any linguist of Spanish to take his place.

When Archie came to San Quentin in 1925 he said he had no trade and explained that he had spent 15 years in Spanish speaking lands and would like to teach classes in that language. It was a typical idea and Archie's classes developed so rapidly that today he has over a thousand students along with a long waiting list. From them completing the course are capable of writing and carrying on a fluent conversation in Spanish. One of his students acts as interpreter for the parole board and another for the state immigration board.

Spanish departments of several state colleges have been attracted by Archie's method of instruction, and the negro linguist plans to continue his career when he is on the "outside."

The Way OF THE World

By GROVE PATTERSON

1900 AGAINST 1929

Frank E. O'Hara, Chicago professor of English, bids us turn and remember what we were in 1900. He says today's students are brighter than their parents. Try to think back and recall what you knew about men and events and the world when you were a youngster, and then consider what your young man or young woman knows today. One thing is certain—there is certainly a much larger stock of loose, useless information now than there was then. Professor O'Hara says:

"One of the most significant changes in the modern student is the broadening of his background of general information."

"The interests of members of the football squad used to be confined almost exclusively to athletics and to the concrete and prosaic facts which they learned in their classrooms."

"But almost any college football player now can tell you about O'Neill, Shaw, symphony music, Lorado Taft, or any other prominent figure in any of the arts."

"The class of 1929 is inclined to be more frank, liberal and tolerant than their predecessors of 1900."

"Personal interest in literature, the drama and fine music is reported. A student who was an enthusiast in any branch of the arts used to be regarded on the campus as a freak."

"Students are suspicious of traditions, taboos and precedents. Their inquiring spirit may approach cynicism, but they are anxious to obtain ungarbished information."

A GREAT BUYER
When former Senator John Simon Guggenheim set up a memorial foundation in 1924 in memory of his son, and put \$3,500,000 in it, he made a glorious investment. The purpose of the foundation is "to improve the quality of education and the practice of the arts and professions in the United States, to foster research and to provide for the cause of international understanding."

Could there be a worthier, nobler purpose for spending money? Just a few days ago grants of \$180,000 from the fund were made to a number of scholars and artists to assist them in carrying on study and research.

Among those who have had help from the foundation are Professor Compton, who won the Nobel prize in physics for 1928, and the poet Benet, who wrote "John Brown's Body." That's paying real dividends.

Striking costumes are developed in black satin with white satin blouses.

"She couldn't believe they weren't new"

"When my sister-in-law was outfitting her new home five years ago, we found such a wonderful pair of blankets that I couldn't resist buying a pair for myself."

"Visiting us last summer she saw me putting that very same pair of blankets away and accused me of duplicating our bargain without telling her. She couldn't believe they weren't new! Hers, she said, had faded terribly and become harsh and thin."

"But I told her I find Lux as wonderful for blankets as for sheer things . . . Lux keeps all my woollens thick and soft and unshrunk just like new year after year."

How to Get the Most Out of 4784 Pounds of Food

THE average American family cooks 4784 pounds of food a year—more than 13 pounds, on the average, each day.

That is the housewife's most important job. When she calls Electric Cookery to her aid she does that job most efficiently and with greatest satisfaction to every member of the family, for . . .

ELECTRIC COOKERY SAVES FOOD. Meats shrink eight to ten per cent. less than in any other method of cooking. Vegetables and other foods shrink much less. You eat all you buy.

ELECTRIC COOKERY RETAINS FLAVOR. Meat and vegetable juices evaporate ever so little. All the vitamins, all the food value, all the flavor are retained by Electric Cookery.

British Guests Well Pleased

Conclude Tour Of Local Potteries Late Tuesday Afternoon

DINNER TONIGHT IN PITTSBURGH

Interested in the modern methods of pottery manufacture in New Castle, and delighted with the hospitality of the local ceramists, the visiting British delegation of ceramists left New Castle at 6:21 Tuesday evening for Pittsburgh where a dinner was held for them later in the evening.

This evening, in the Schenley Hotel in Pittsburgh a dinner is being held in honor of Dr. J. W. Mellor, eminent British ceramist, whose ceramic school in England is one of the leaders in the Ceramic world. Several New Castle men will go down for the dinner.

Pressed For Time

Because of the change in time, and some slight delays Tuesday morning, the party of twenty that visited New Castle did not have as much time as might have been desired. Arriving in New Castle they went to The Castleton, where a luncheon was held in their honor. On behalf of the New Castle ceramists, James K. Love of the Shenango Pottery welcomed the guests and called upon W. Keith McAfee, president of the Universal Sanitary Manufacturing Company. Mr. McAfee outlined the itinerary of the day and spoke briefly upon the effect of the return visit of the British manufacturers. For the visitors, A. H. Stephenson, J. P. spoke briefly in which he expressed the appreciation of the group for the courtesies extended them.

The itinerary of the Western Pennsylvania visit was a rather extensive one. Various plants in Pittsburgh were visited, among them plants of the Westinghouse company. Side trips through Pittsburgh were also included. Plants in Beaver Falls and Darlington were also visited, with the White Ware group coming to New Castle.

The visit of the British ceramists here is a return visit to the one made last year to England by American ceramists. The group visiting New Castle contained the following:

H. T. Arrowsmith, J. P. C. O. T. Arrowsmith & Sons, Burslem, Stoke-on-Trent.

Edward Sadler, Mrs. Sadler, Newlands, Watlands Ave. Wolstonon, Staffs.

J. Stevenson, Royal Pottery, Burslem, Stoke-on-Trent.

The lion, once most numerous in India, has almost completely disappeared, the few remaining being carefully preserved. Why they have disappeared where once so numerous is one of Nature's mysteries.

GAS SMOTHERED LADY; FEARED SHE WOULD DIE

Had Terrible Indigestion And Other Ills; Ten Herbs Restored Health.

If you would be well—free of stomach, liver, kidney and bowel disorders, rheumatism, neuritis and nervousness—profit by the experience of this lady throughout this section, and use Ten Herbs, the famous new

compound with the ten wonderful natural ingredients. At least, learn what blessed relief Ten Herbs is giving local sufferers, by having an immediate interview with the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington St., this city, where he is daily demonstrating this popular preparation.

"Ten Herbs has been a great benefit to me," was the recent statement of Mrs. Julia Blum, 332 Ziegler Avenue, Butler, Pa., to the Ten Herbs Man. "I suffered terribly from indigestion. Gas would press up under my heart and cause awful smothering spells—many times I feared I would die. Food did not seem to do me much good, and I could eat scarcely anything. I would bloat and have severe burning pains in my stomach. Waterbrash troubled me, and my nerves were in poor condition. I would wake up at all hours of the night, and was subject to spells of melancholy. Severe dizzy spells and headaches came on me, and I had spots and flashes before my eyes. There were intense pains across my back and under my shoulder blades, and severe cramps in my feet and limbs. I could never find relief from constipation. I really felt miserable all the time.

"When a friend told me about Ten Herbs, I started taking your medicine. It put an end to indigestion. I can eat anything I like without being troubled with gas, bloating, or heartburn. Waterbrash and those burning pains in my stomach have disappeared. My nerves are quiet, and I am rid of dizzy spells. I sleep soundly all night, and feel rested when I get up in the morning. There are no more spots or flashes before my eyes. Pains have left my back, and my feet and limbs are free of cramps. I am pleased to recommend Ten Herbs to others.

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine.

Poultry Meetings Concluded Today

Series Of Six Poultry Meetings In County Close Tonight At Platingrove

The second day of the county-wide poultry meetings which are sponsored by the local farm bureau began this morning at 10 o'clock when poultry raisers in the New Galilee district met at the farm of J. W. Bronson, H. H. Kaufman, state college specialist will address this meeting.

This afternoon at 2 o'clock a second meeting will occur at the farm of W. B. Waller near Enon Valley while this evening the Platingrove district will meet in the consolidated school building at that place.

The Platingrove meeting sponsored by the Poultry club of that district will be the final one to occur in the county in this present series.

The meetings which started Tuesday morning were all well attended and interest in the chick and brooding question was more than evident, according to the county agent.

Meetings Tuesday were held at the farms of Milo Moece of Wilmington township, Clarence Shaffer of Slippery Rock township and at the farm of W. R. Cox in North Beaver.

Gipsy Band Practices Modern Cannibalism, Charged With Murder

Nineteen In Gipsy Band In Czechoslovakia Held On Murder Charges.

Gruesome Details Of Wanton Killing And Eating Of Victims Revealed

PRAGUE, Czechoslovakia, May 8.—Fishes of man's barbarous past will be heard at Kascina soon, when 17 men and two women go on trial for their lives on charges of cannibalism.

The trial, which is to start on May 22, will be unique in European civilization. The documents of the prosecution, representing the labor of 15 months and already reaching 450 pounds, contain a record of horror unparalleled in modern history.

The defendants, members of a gypsy band, are accused of having terrorized for years the whole Moldavia region, where they had their headquarters. Large troops of men would break forth from their camp and murder indiscriminately all who got in their way, the state charges.

According to the prosecution, men, women and even children were victims of the band, a murder being committed at times for only a basket of eggs or a few Czech crowns. The most gruesome part on the state's accusation followed. According to

these allegations, the gipsy women would drag the bodies of the victims into the camp, clean them and prepare them for a cannibalistic feast.

Charged With Murder
How many of the victims were actually eaten will never be known. Many of the victims were Hungarians working along the Hungarian-Czechoslovak frontier whose disappearance was rarely noted. The investigators traced 12 cases, although the prosecution is based only upon six alleged murders, proof of which is believed to be conclusive.

Since modern law does not recognize the crime of cannibalism, the technical charge against the defendants is murder.

The defendants confessed repeatedly and then withdrew their confessions. Consequently many terrible secrets of their existence will never be solved.

One of the most remarkable things about the prisoners is their youth. The youngest is 19; the oldest 29.

ALDERMAN LOST DOG;
WANTS LICENSE REFUND

EVANSTON, May 8.—Alderman Peter Jans wants the city to refund him \$2.50 for a dog license which he bought and then the dog ran away and he introduced a bill asking the refund to the council.

Will Lindy Lose Love Wager?

Col. Lindbergh will probably write a check for \$1,500 to Phil Love, a friend and fellow airman, immediately after his marriage to Anne Morrow. When the friends were flying the mail together a long time ago they made a wager that the first to marry would pay the other \$1,500. It looks as if Love will collect on this love wager, unless he goes and fails himself.

Lone Woman Pilot Licensed In Penna.; Expect Busy Summer

HARRISBURG, May 8.—At the beginning of May Pennsylvania had a total of 241 licensed pilots, according to an announcement made today by Robert M. Ginter, director of the bureau of aeronautics of the Pennsylvania department of internal affairs. With one exception all of the state's licensed aviators are men. Mrs. Dorothy E. Leh, Allentown, is the only woman to hold a license and that is designated as a private pilot's license. Fifty-nine persons are licensed as students and one woman is included in that list.

Of the total number of licenses issued to pilots by the department of internal affairs 122 are transport, 87 are listed as private licenses, 31 are limited commercial licenses and one is designated as an individual pilot's license.

During the summer the list of licenses is expected to expand greatly, and already many applications for student licenses have been received, a number of women being among those making inquiries.

MOTORISTS SHOULD
TELL BUREAU ABOUT
CHANGE OF ADDRESS

HARRISBURG, May 8.—"Pittin' time" in the Pennsylvania Dutch communities as moving time, as it is more generally known, is at its height throughout the state, and automobile owners and operators are

required to furnish their new addresses, said Benjamin G. Eynon, registrar of motor vehicles of the Pennsylvania Department of Highways.

The ancient custom of moving around April 1 to May 1 had its origin in leases or agreements which purposedly were made to expire in the spring when no crops of importance were in the farm land. The custom still persists in many communities, and Eynon's timely reminder is calculated to save motorists costly inconvenience and delay in getting their tags or operator's renewal at the end of the year.

Department form No. 1122 is required to effect the change of address in the bureau's records. It may be obtained from any notary, justice of the peace, alderman, motor club or the bureau at Harrisburg. It requires no fee.

Prince Of Wales' Home Undergoes Alterations

LONDON, May 8.—The interior of York House, the home of the Prince of Wales, has undergone some alterations. The prince's bedroom has been painted blue and extra shelves have been fitted in his study. In his red dining-room, where he holds his informal bachelor parties, an additional alcove has been made.

The furniture in the prince's bedroom is very simple. His brother, Prince George, is said to have accused him of having bought it at a hospital clearance sale.

You can't compromise with Pride of Ownership

The owner of a De Soto Six has a sound basis for his pride of ownership—he is driving exactly the car he wants to drive—a Chrysler-built car.

Cars of lower price attracted him not at all. He knows they lack many of his essential demands. And he didn't need to buy a more expensive car because he found complete satisfaction—full realization of his personal standards of performance, comfort, economy and durability—in the De Soto Six.

Here is a car that is literally built to order for those whose budgets are not unlimited—a car that even the most discriminating motorist can own without either sacrificing his pride or straining his pocketbook.

Before deciding on your purchase, give the Chrysler-built De Soto Six your most critical inspection. You will find all the advantages and comforts, all the zestful driving, and all the pride of ownership that are associated in your mind only with cars of much higher price.

Kill Weeds Early Dr. Gress Advises

HARRISBURG, May 9.—"An hour's work in the spring will kill more weeds when they are still in the seedling stage than a day's work after they have become well established." This is a suggestion of Dr. E. M. Gress, botanist of the Bureau of Plant Industry, Pennsylvania Department of Agriculture, to farmers and gardeners who desire to wage a successful war on weeds this spring. "Since weeds are most easily killed while in the seedling stage, it is well worth while to prepare a good

seed bed, allow the weeds to germinate early and then kill them before the crop begins to mature," he adds. "Sow clean seeds," Doctor Gress emphasized. "There are sufficient seeds in the soil now to produce a fair crop of weeds. Why should we cause an additional number by sowing unclean seed?"

The best results can usually be obtained by following these three simple rules, Dr. Gress said.

(1) Give the seed bed a thorough preparation, which will prevent the growth of many weeds.

(2) Plant clean, good seed, and (3) Begin very early to kill the weeds, because it is in the early stage that they are most easily destroyed.

NAMING THE TWINS
"So you have twins at your house," said Mrs. Nabori to little Tommy. "Yes, ma'am, two of 'em." "What are you going to call them?" "Thunder and Lightning." "Why, those are strange names to call children." "Well, that's what pa called them as soon as he heard they were in the house."

Gives Account Of Children's Home At Sheffield, Pa.

Miss Bessie Miller, Superintendent, Speaks At Missionary Convention Here

Mrs. W. F. Bennett of Warren, Pa., president of the Woman's Home Missionary society of the New Castle District of Erie Council, was the first speaker at the afternoon session Tuesday at the 46th annual meeting of the society in the Epworth M. E. church of this city.

Mrs. Bennett who has a gracious and pleasing personality kept her large audience of women in rapt attention when she spoke on the theme "Wanted." She began her address by saying that the Home Missionary society wanted women who prayed, for no society would accomplish much if there was not much prayer. She stressed the fact that women must give their time and talents if they expected to have a successful society and they must exert an influence for good.

The second talk of the afternoon was given by Mrs. Carl S. Hart of this city. Mrs. Hart spoke on "Ruth." She declared how a society could easily become in a rut by doing the same thing over and over again. She displayed a number of clever illustrations that could be sent to each member before the monthly meeting that would help to create more interest.

Miss Bessie Miller superintendent of the Ruth M. Smith Children's Home at Sheffield, Pa., gave an excellent and interesting account of the work of this institution. This school has at present 35 children some large enough to attend high school. The children assist with the work when out of school. They bake the bread needed and help with the house work. This home which is supported by the Methodist churches of Erie conference is equipped with three large buildings and has 35 acres of land which is used mainly for pasturage for cows.

During the children's hour which closed the afternoon session a playlet was presented by the Deaconess of this city entitled "Things as They Are." Those taking part included Miss Ethel Weiss and Miss Ida Schnackel, assisted by Mrs. Ruth Wright. Mrs. Hart also gave a demonstration of Junior Home Mission work. A solo number by Wayne Stitzinger was a pleasing feature.

The evening session was opened with an organ prelude by the church organist Mrs. J. M. Pyle. The devotional hour which followed was in charge of Dr. S. L. Maxwell pastor of the entertaining church.

The address of the evening was given by Miss Bessie Van Seyoc superintendent of the Slavonic Training school at Uniontown, Pa.

Miss Van Seyoc spoke on the theme

GUNTON'S GO TO SUMMER HOME

Find It Necessary To Repair Damages Done By Recent Storm

Mr. and Mrs. Matthew Gunton and son Matthew Gunton, Jr., of Highland avenue left today for their summer home on Lake Erie, near Fairview, Pa., where they are going for the purpose of having a number of necessary repairs done as the result of a very severe storm which passed over that section recently and did considerable damage to their summer home.

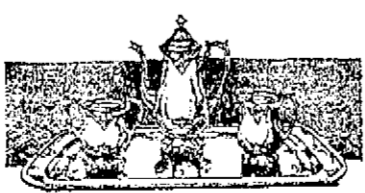

The Gunton property fronts 300 feet on Lake Erie and along the entire front on the land side of the beach there has been a protecting wall for many years.

In this recent bad storm, the waters of the lake washed in with great violence, undermined the wall and caused it to topple over for almost its entire length. There was also a bridge over a small stream running through the property into the lake that was damaged considerably when a boat house was swept from its foundation and lodged against the bridge. Had it not been for the work of the people in the vicinity in getting the boat house away from against the bridge, it would have been entirely wrecked, because of the pressure resulting from the dammed up waters of the stream.

Many cottages at Waldenmere, near the home of Mr. Gunton, were badly wrecked by the storm, owing to their proximity to the lake.

Correct this sentence: "Yes," said the little man, "I take my wife's little dog out for exercise; but I do it because I enjoy it."

Two reasons for not owning a Packard both unsound!

FIRST—you think you cannot afford a Packard.

SECOND—You will not keep any car longer than two years.

NEITHER of those reasons is a sound one.

If you think you cannot afford a Packard there is a welcome surprise awaiting you.

For it actually costs no more to own a Packard Standard Eight over a period of four or five years than to buy and trade in two or three lesser cars during the same time. Take a pencil and paper and figure it out for yourself.

Gasoline, oil and tire costs as low as the Packard Standard Eight and any other car down to half its price are substantially the same. It costs no more to garage the Packard, and but little more to insure it. Upkeep

and repairs are usually less because Packard factory precision is protected by centralized "instant" lubrication.

The somewhat higher first cost of the Packard Standard Eight over ordinary cars is completely offset by the fact that Packard cars are built to provide and do provide many extra thousands of miles of luxurious, trouble-free transportation. Their characteristic beauty of line is always up to date, for Packard has never depreciated cars in service by frequent and radical changes in design.

Most owners, therefore, keep their Packards at least twice as long as the cars they turn in, according to accurate, country-wide records.

These owners wisely enjoy the luxury and distinction of Packard transportation at lesser car costs.

So if your reason for not owning a Packard is your insistence upon having a new car every two years, regardless—well, it's a reason, but hardly sound.

Because if you buy a new car every 20 months or so, you are not getting full value in motoring luxury for the money you spend. You are paying too many profits and taking too much depreciation. You are paying for a Packard without enjoying Packard beauty, comfort, distinction and performance!

The Packard Standard Eight is priced from \$2275 to \$2675 at the factory. The Packard Payment Plan is most attractive. Your pride and pleasure in Packard ownership will continue long after the purchase price has been forgotten.

Why not talk it over with us today?

Board Of Appeals Sustains Engineer

Approves Permit To Change Location Of Garage On Rubenson Property

At the regular monthly meeting of the Board of Zoning Appeals held Tuesday afternoon in the city council chamber the appeal of Sol Davies 711 Neshannock Boulevard, from the permit issued to R. S. Rubenson, 608 Laurel Boulevard, granting the latter permission to move his garage was heard.

After hearing testimony offered by both parties interested the board sustained the action of the city engineer in granting the permit to Mr. Rubenson because of the fact that in changing the location of the garage Mr. Rubenson would not be violating any of the zoning regulations of the district which require that a garage must be at least 60 feet from the front of the lot or attached to the home. In this case the garage is to be placed ten feet from the rear of the Rubenson lot.

Mr. Rubenson was represented by Attorney C. A. Patterson while Mr. Davies presented his side of the case in person. As the garage is now located it faces the Davies home, the Rubenson and Davies lots joining at the rear. As it is now located Mr. Rubenson must make a sharp turn to get into the garage with his machine. The permit granted him permission to turn it into a position so that he might drive straight into it from Laurel Boulevard. As located the garage is within four or five feet of the Davies home and darkens a considerable portion of the first floor of the Davies home.

The objection of Mr. Davies to the change in location was that it would interfere with his view of the Neshannock creek valley.

Mrs. Louis Cassella of 1025 Cunningham avenue who appealed from the decision of the city engineer in refusing her a permit to enclose her front porch in glass which is not allowed by the zoning regulations in a residence district failed to put in her appearance at the meeting of the board.

When an inspection was made previous to the meeting of the board it was found that Mrs. Cassella had failed to comply with the zoning appeal regulation which requires that notice of the appeal be posted in a conspicuous place on the premises. Due to this fact and also that of her non-appearance Tuesday afternoon the board directed that she be notified that if she still desired to make her appeal that she make a new application to the board and have the appeal notice properly posted prior to the hearing in the case.

Authorities predict for the Future what DODGE BROTHERS OFFER TODAY

"The all-metal seamless body is the auto body of the future," George J. Mercer, consulting body engineer and chairman of the body division of the Society of Automotive Engineers, predicted at a meeting of the Cleveland Section of the S. A. E.—Automotive Daily News, February 12, 1929.

In the exclusive Mono-piece Body of the new Dodge Brothers Six, you find the identical type of design and construction to which leading automotive engineers point as "the body of the future."

Literally one-piece, the Mono-piece Body is positive proof against squeaks and rattles.

Even after thousands of miles of hardest usage it remains as tight, as firm and as noiseless as when new. Providing an abundance of room with a new degree of grace, the Mono-piece Body is stylishly trim. Doors and windows are wide.

In fact, the Mono-piece Body, in every way, stamps the new Dodge Brothers Six as the herald of a new era of greater beauty, greater comfort and even greater dependability in motor car design and construction.

American Youth Being Retarded

Machine-Like Civilization
Causes Genius Of Youth
To Suffer In Sub-
verted Class

TOO BUSY MAKING
MONEY THESE DAYS

NEW YORK, May 8.—The machine civilization of America is killing the genius of its youth, according to Dr. H. Glueck, eminent New York psychiatrist, who returned today from Germany aboard the liner Berlin.

"Europe believes that American industry is going into control of a small clique due to the reports of mergers and consolidations," said Dr. Glueck. "I think they are right in their belief and I believe it is taking away the opportunity of the active young American to make the best of himself. He is simply becoming part of a huge machine and the potential leadership qualities of our youth is being subverted."

Dr. Glueck said that Germany was forcing ahead of the United States in its study of child mental hygiene "making its youth less foolishly aggressive and more international minded."

"America is too busy making money to bother about anything else," said Dr. Glueck. "When our unprecendented natural resources are exhausted perhaps we will get down to fundamentals. America's problem now is to know how to use its leisure and wealth."

Dr. Glueck declared that the youth of today was no different from any other generation. "If anything, modern youth is wiser than its alleged guides," he said.

Nearly 600 Apply For School Jobs

Avalanche Of Applications For
Places In New Castle
Schools

In spite of the fact that there will be but few vacancies in the teaching personnel of the New Castle public schools next term, applications for positions continue to roll in.

At the present time Dr. C. C. Green, superintendent of schools, has about 600 applications on file. The expected vacancies will hardly be more than 40, if the figure reaches this high.

From the indications in New Castle in the past two years an overplus of teachers seems inevitable. With 14 state teachers' colleges and dozens of liberal arts colleges turning out graduate teachers each year the point of saturation seems to have been nearly reached.

Y. W. Board Sets Date For Annual Dinner Meeting

Special Meeting Of Board Of Di-
rectors On Tuesday
Evening

The board of directors of the Young Women's Christian Association had a special meeting Tuesday evening in the Y. W. building.

During the meeting Tuesday, May 28, was set as the date for the annual fellowship dinner of the Y. W. C. A. On that day there will be a board meeting at five o'clock. Following this there will be a dinner in the Y. W. dining room, to which members of the Y. W. association and all friends interested in their work are invited to attend. Following the dinner there will be a program and the annual reports of the year will be given by the secretaries.

No general secretary for the association has yet been named. This office was made vacant by the resignation of Miss Cora E. Ritchie. The directors of the local association are consulting with the national board and this office will probably be filled within a short time. In addition to these plans routine business was discussed.

**Church Sessions
In Cleveland, O.**
Annual convention of the Eastern Ohio and Western Pennsylvania Association of Congregational churches, which was scheduled to have been held in the First Congregational church of this city during the present month, has been transferred to the Jones Road Congregational church of Cleveland, O. It was announced this morning by John P. Thomas, of 208 South Walnut street, moderator of the association.

This change was made at the special request of the Jones Road Congregational church, the congregation of that church desiring to have the meeting this year, during which the new pastor of the church, the Dr. Gleason Morgan, will be installed. The convention will be held May 17, 18 and 19.

It is considered probable that the local church will again be accorded the convention in 1930, in view of its very generous action in permitting it to be transferred to Cleveland this year.

John P. Thomas, of this city, as moderator, and John M. Price, also of this city, as trustee of the association, will be in attendance and participate in its proceedings.

As the First Congregational church is entitled to two delegates in addition to these men, it is possible that they will be selected at the meeting of the congregation on next Sunday.

**LOCAL RESERVES AT

Local Driver Made Defendant In Suit By Pittsburgh Man

Albert J. Best Wants \$3,614
From David Samuels As
Result Of Accident

Albert J. Best of Pittsburgh has filed a suit in the Lawrence county courts against David Samuels to collect \$3,614 damages for injuries sustained in an automobile accident near Jefferson, O., on October 12th, 1928.

According to the statement of claim Best is a traveling salesman, earning \$75 per week. He was traveling with his wife in an automobile near Jefferson, O., when a car bearing a Pennsylvania license, attempted to pass him.

It is claimed that the car was driven by Samuels and that it was going at a speed in excess of 45 miles an hour. Best's machine was sideswiped as Samuels passed and thrown into the ditch.

Best sustained a cut about four inches long above his left eye. He was also injured about the neck and body. He claims that his injuries are of a permanent character, and that he still suffers great pain in the head.

Welker Opens New Market Here

Will Sell Fresh Fruit And
Vegetables in Addition
To Flowers

Mr. Welker, local dealer and florist, is opening a new department in his shop at the corner of the main street and Washington street, just north of the new market. The new department will be devoted to the sale of fresh fruit and vegetables in addition to the flowers which he has been selling for some time.

Mr. Welker has been selling flowers from his shop for some time, but has been forced to close his shop for a few days because of the fire which destroyed his shop at the corner of the main street and Washington street. He has now moved to his new shop at the corner of the main street and Washington street, just north of the new market.

Make Regulations On Rushing Period

Frats And Sororities To Select
New Members At Westminster Next Week

(Special To The News)
NEW WILMINGTON, Pa., May 8.—Regulations governing the bidding of freshmen men and women students by fraternities and sororities at Westminster were approved by the board and announced yesterday. These regulations placed the rushing period from May 16 to May 18.

The form of bidding used will be what is commonly known as "closed bidding." This is essentially the same form of election as is used by lodges and fraternal organizations everywhere.

The main reason for allowing bidding to be advanced into the close of the freshman year rather than at the beginning of the sophomore year is that practically all groups

are losing large numbers of their members by graduation and desire, as far as possible, to fill the vacancies.

Sororities' Change Limit
Seniors shall be disregarded in deciding upon the desired membership, so that the sorority limit of 25 members will include only underclassmen. This will mean that the women's Greek letter groups will have almost complete membership next year. If the seniors were counted the organizations would be small next fall.

During all the period of rushing, from the opening hour of depositing bids, no one is allowed to approach any freshman in the interest of any organization.

Dr. C. A. Dawson will act as referee of bidding for the sororities and Dean Charles Freeman will act in the same capacity for the fraternities. The bidding shall be administered through the college office.

All organizations, five fraternities and six sororities, will deposit bids with the referees, using separate cards for each name in a sealed envelope, between 11 and 12 o'clock Thursday morning, May 16. The referees will mail, during the afternoon of May 16, requests to all freshmen

receiving bids to designate preference. Preference will be requested in order, if more than one bid is received, unless it is indicated that the recipient does not desire to accept a bid from any group.

All freshmen receiving bids will deposit their order of preference in sealed envelopes with the referees by nine o'clock Saturday, May 18.

Fraternity and sorority representatives will call at the college office for fraternal groups. Of this number 79 answers to bids at noon of the same day, May 18. Actual pledging will begin Saturday evening, May 18, at six o'clock, and the inter-sorority council may tender a tea to freshmen pledges.

Whether or not there will be college classes on Saturday, May 18, has not been decided as yet, but it is probable that the regular schedule will be followed.

There are approximately 150 freshmen eligible for election to the 11 fraternities and 11 sororities. Butler and Mrs. Anna C. Seburn of Butler.

Reduce the Acid

In sick stomachs—instantly

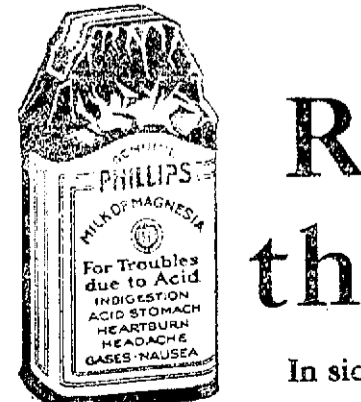

Sick stomachs, sour stomachs and indigestion usually means excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour.

Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because it is harmless, tasteless, does not neutralize many times its volume in acid. Since its invention, 50 years ago, it has remained the standard with physicians everywhere.

Take a spoonful in water and your uncomfortable condition will probably end in five minutes. Then you will always know what to do. Crude and harmful methods will never appeal to you. Go prove this for your own sake. It may save a great many disagreeable hours.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drugstore.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

ELLWOOD CHAMBER OF COMMERCE ANNOUNCES NEW FACTORY COMING

Industry Takes Over Site In
Ellwood Formerly Used
By M. B.

Expected That Employment
Will Be Provided For
Considerable Num-
ber

ELLWOOD CITY, May 8.—A new factory is expected in Ellwood City in about 60 days. Through the efforts of the Chamber of Commerce the officials of the company decided to locate in Ellwood City in the E. and L. B. building, on the site formerly occupied by M. B. of the National Tube company. It is announced today by Norman Reade, secretary of the Chamber of Commerce.

The company is now located at Appleton, Wisconsin, but expects to open here for business in about three months. It is stated. Preparations are being made for their coming in the building. The Langs, a novelty company makes the small filling stations for cigarette lighters that are seen in stores. This is not their sole novelty, although they have the patent rights on the filling station. When the company arrives, there will be employment for probably 500 persons. At the time of the opening is that the company has orders for the filling stations from all over the world, and on each article, prominently placed, will be the lettering "Made in Ellwood City, Pa."

Ellwood City, located as it is, on the main line of the Baltimore and Ohio railroad, is ideally situated for industry, and has attracted several large concerns, which are becoming more numerous.

Womens Club May Have Junior Department Here

ELLWOOD CITY, May 8.—At yesterday's meeting of the Women's club at the home of Mrs. W. L. Dean, Mrs. Thomas Wilson, in giving her report from the recent state convention, stressed the advisability of organizing a Junior division of the club. She claimed the senior members needed the vision and energy of youth and a Junior section could cooperate with the senior division with mutual benefit. The matter was given considerable attention at the convention in Pittsburgh. Ages would be from 18 to 25.

Rev. R. A. Luman To Speak Here Memorial Day

Memorial Day Sub-Committee Report Good Progress At Committee Meeting Tuesday

Colorful Parade And Program At Legion Park To Be Part Of Day's Activities

ELLWOOD CITY, May 8.—At the meeting of the Memorial Day committee which took place Tuesday evening in the city building, all chairman of sub-committees reported progress on their plans for the day. The main speaker of the day will be Rev. R. A. Luman of Hickory, Pa. A platform will be erected in the Legion Park on Fourth street and the parade will conclude there for the program in the morning.

The parade starts at 9:30 and will include local patriotic organizations, civic organizations as well as city officials. Invitations have been extended to Burgess Evans, members of city council, board of education, all Boy Scouts, Girl Scouts, 10th field artillery, Green and Veterans of the Spanish-American War and their auxiliary members.

The graves of the soldiers will be decorated by the committees in charge of that work before the parade starts. It is expected that this year's celebration will exceed all others in excellence and impressiveness. The American Legion bugle and drum corps will no doubt take a prominent part in the parade.

The next meeting of the committee takes place in the city hall the evening of May 21.

Womens Club Members Enjoy Artist Pair From Pittsburgh

Miss Lockhart, Miss Haines And Miss Swartz Put On Fine Program Tuesday Afternoon

Mrs. Thomas Wilson Gives Enthusiastic Report Of District Convention Activities

ELLWOOD CITY, May 8.—Combining a business meeting and a social function most successfully, fifty members of the Ellwood City Women's Club enjoyed a Musical Tea on Tuesday afternoon at the home of Mrs. W. I. Dean on South Ellwood Heights.

The guest artists of the afternoon were Marian Haines and Miss Amelia Lockhart of the Pennsylvania College for Women in Pittsburgh. They were introduced by Miss Marian Slocum one of the hostesses of the day. Miss Lockhart possesses a contralto voice of rich quality, and her facial expressions added much to the pleasure of her renditions.

She sang first a group of three German numbers: "The Lotus Bloom" by Schumann; "In The Boat" by Greig and "Two Men" Wagner. Later she sang "What is a Song," Curran; Hugo Gry's arrangement of the negro spiritual "I'm a Rollin'" and Absence, by Litsen. Miss Marian Haines opened the program with a group of piano numbers and her nimble fingers surmounted with ease the most difficult, intricate and interlocking compositions of the old masters. She gave Fantasies in D Minor, Mozart; Capriccio, Pastorale, Dominio, Scarlatti; Impromptu in A Sharp Major, Schubert, and later pleased with "Idylle," Mettner; "Nalads at the Spring," Jaul Juon and Prelude in G Sharp Major, Rachmaninoff.

Miss Coral Schwartz, a local student of elocution, and a most talented one, gave a group of readings in a very pleasing manner: "Bobby Unwelcome," "Boss's Shopkeeper," "Angelina Johnson," a negro number full of dash and verve; and "Katy's Answer."

The business meeting preceded the program and was opened by Mrs. Thomas Wilson, president. One of the features of the meeting was a comprehensive and enthusiastic report by Mrs. Thomas Wilson, recent delegate to the North West District of Women's clubs in the Schenley hotel in Pittsburgh. She mentioned a few outstanding ideas she had received while at the convention, as follows: The officials of the federation made a strong plea for cooperation. The Frances Towens school for the blind in Pittsburgh was receiving attention of the Pittsburgh Women's club, as several women were visiting the place to read to the students. One of the high officials, Mrs. Prick, stressed in her address the following valuable points to emphasize to members of Women's clubs: 1—Register and vote; 2—Support County libraries; 3—Establish a Scholarship Loan fund; 4—Club Extension; 5—Bridge of Friendship and 6—Keep Pennsylvania beautiful and safe.

Mrs. Wilson further stated that there are 422 clubs in the federation boasting a membership of over 50,000. The club members voted to donate \$25 to the Community Chest Drive, as has been their custom each year. The next meeting of the club will be the official election meeting, and will take place June 4 in the form of a luncheon at the Elks club. The members of the nominating committee were: Mrs. W. E. Johnson, Mrs. W. A. Kerr and Mrs. May Anderson.

At the conclusion of the program the club members enjoyed tea with Mrs. Fred Jackson and Mrs. Loren Springer pointing at a pretty table centered with tulips and dogwood. Assisting were: Mrs. Eva Vosler and Mrs. Herman Wilson. Hostesses of the day were: Mrs. W. L. Dean, Mrs. Thomas Wilson and Miss Marian Slocum.

Latin Wedding Feast Enjoyed
ELLWOOD CITY, May 8.—About fourteen members of the Latin club of the high school met at the home of Mrs. John King of First avenue Tuesday evening and in addition to their meeting, enjoyed a Latin wedding feast. The menu was selected by the class members, and highly enjoyed.

The balance of the meeting was spent in preparing for the skill which the Latin club will present at Friday morning assembly in the high school. This will include Mother Goose rhymes in Latin, and other novel ideas. Miss Beck, the teacher of the class, was present, and the class members all answered the roll call in Latin. The club will meet again in two weeks.

Kings Daughters Enjoy Tea Party

ELLWOOD CITY, May 8.—Twenty-five members of the King's Daughters Bible class of the United Presbyterian church enjoyed a Tea Tuesday afternoon from two until five in the dining room of the church. Mrs. Robert Grandey poured.

Spring flowers were used in decorating. Mrs. W. E. Minter had charge of the social period. Members of the committee in charge of the tea were: Mrs. McCullough, Mrs. Robert Grandey, Mrs. L. O. Ulman and Mrs. W. E. Minter.

Mrs. Richardson Is Taken By Death

Resident Of Ellwood City For 31 Years, Succumbs To Results Of Stroke Monday

ELLWOOD CITY, May 8.—Mrs. Anna Richardson, wife of L. B. Richardson of Summit avenue, passed away Monday at the age of 70, at her late residence. Death is said to have been the result of a stroke suffered about one year ago.

Mrs. Richardson was born in Evans City, 70 years ago of the union of Jacob and Elizabeth Rahiser, and has been a resident of Ellwood City for the past 31 years.

In addition to her husband are: Mrs. Amanda Gifford of Lickville; Mrs. Merle Agnew of Clarion; Mrs. Leona Boucher, Mrs. Ida Stewart, and Clarence and Harry Richardson, of Ellwood City. There are 33 grandchildren and 14 great-grandchildren. She is also survived by two brothers, Nick and Fred Rahiser of Evans City and a sister, Mrs. Margaret Cress of Conway, Pa.

Funeral services will take place Thursday afternoon at 2 o'clock from Mrs. Richardson's late home. Rev. Haskins of the Free Methodist church will officiate. Burial will be made in the Locust Grove cemetery.

Girls Serve Nice Banquet At Church

Mrs. Grace Benford, Retiring Superintendent, Receives Gift From Sunday School

ELLWOOD CITY, May 8.—The girls members of the Presbyterian church Sunday school banqueted the boys at a hilarious tippy-turvy dinner Tuesday evening in the dining room of the church. The boys received this honor from the fact that they won in a recent "Go to Church" contest waged between the boys and girls of the Sunday school.

Covers were laid for 60 and the dinner was served backwards, with the pie first. Lilies were used in decoration, and following the dinner, games and contests were enjoyed in the recreation rooms.

Mrs. Grace Benford, retiring superintendent of the Sunday school received a handsome silk umbrella, the gift of the Sunday school in recognition of her services. The presentation speech was made by Arthur Smith.

Members of the committee in charge of the dinner were the Misses Mary Maxwell Offutt, Mildred Wilson, Phyllis Thomas, Hazel Zeigler, Helen Gray, Ruth Kimes and Doris Hale.

To the Young Couple Just Starting Out

Too often the young married couple makes the costly mistake of selecting Furniture whose beauty and goodness are only skin deep.

Young couples may be attracted by a seemingly low price. It happens so often, though, that you spend too much if you pay too little. Furniture may be so low-priced that it is really very expensive.

If your furniture does not last it is expensive whatever you pay. Your safeguard is to purchase furniture of known quality such as Berky and Gay and other well-known makes.

At Haney's, we will gladly point out the many reasons why our Quality Furniture is the type the young couple should buy. Haney's Fine Furniture is reasonably priced and our liberal Budget Payment Plan is a convenient way to buy.

P. H. C. Has Very Successful Card Party Tuesday

ELLWOOD CITY, May 8.—Members of the P. H. C. and a number of guests enjoyed a card party Tuesday evening in the lodge rooms in the Schweizer building. Fifteen tables of 500 and two tables of bridge were in play. At the conclusion of a series of pleasant games, score honors for bridge went to Mr. and Mrs. C. A. Young and Mrs. Ben Simon. For 500 the honors went to Mr. and Mrs. Earl Shontz, Mrs. Seach, Mrs. Ida Duncan and Mr. Robinson.

A business meeting preceded the cards, and routine business was transacted. The committee in charge of the cards, comprised: Mrs. Joseph Hudspeth, chairman, assisted by Mrs. McCullough, Mrs. Maloney, Mrs. Ida Duncan and Mrs. Summerville. In charge of the lunch were: Mrs. Mainer, Mrs. Dougherty and Mrs. Straub. The circle will meet again in two weeks.

HAPPY HOUR CLASS.
ELLWOOD CITY, May 8.—Members of the Happy Hour class of the Slippery Rock church will conduct a monthly meeting at the home of Mrs. Dewey Williams Thursday evening. Mrs. James Perdue will assist.

MORAVIA STOP

Mrs. James Perdue entertained the Sunday school class of Slippery Rock Presbyterian church, of which her daughter Edith is a member, in honor of Edith's birthday on Saturday, May

The children had a wonderful time playing games and a delicious lunch was served by Mrs. Perdue, assisted by Miss Margaret McDonald. The table was adorned with a large cake, which was adorned with 10 candles. Many of the gifts were received by the guests of honor and the party was a great success. The guest list included Margaret Walker, Gene Steele, Mary Ort, Kate Stevenson, Dorothy Newton, Flora Mae Houk, Kathleen Houk, Bernice Forrest, Anna Belle Gibson, Helen Houk, Mary Alice Williams, Ellen Williams, Dorothy Grey, Libelle Weigardner, the house guest Edith Perdue and the teacher, Kathleen Robberman.

Rev. T. J. Keegan left on Monday morning for Metairie, Clearfield county, Pa., where the Christian Alliance church maintains a permanent camping ground. It is the custom for

each minister to give a small portion of his time to the actual labor of putting the grounds in order and repairing the buildings, thus cutting down the cost of maintenance. Rev. Keegan expects to return the latter part of the week as his presence is needed to make preparations for the evangelistic meetings which begin on May 14. Rev. Keegan hopes that while he is absent his members will meet for prayer each afternoon when the bell tolls at 2:30. Remember the prayer stations at the homes of Walter Smith, Alex Nelson, Lee Newton, Mrs. Maxwell and the church.

The girls of the seventh and eighth grades went for a hike Monday. They hiked to Mount Hope and the Victoria camp. Rain and mud and sore feet were the rewards.

David Houk of Energy spent Sunday with his daughter, Mrs. James Hogue.

Mrs. Harold Currie and Mrs. William Jessop spent Sunday in New Castle.

The members of the first class which will graduate from the new Shenango consolidated school received their class rings Monday.

Among the new employees on the New Castle-Ellwood road are Henry Young and Robert Long.

Miss Sara Benick spent Saturday night at the home of her aunt, Mrs. Maxwell in New Castle.

Mr. and Mrs. F. E. Campbell and children Frank, Jr. and Frances and Miss Helen Sankay all of Keasau, Butler county, were Sunday evening visitors at the home of Mr. Campbell's brother Ray.

Orville school will close Thursday with a community picnic.

The Story Of The World War
IV—Militarism In Germany

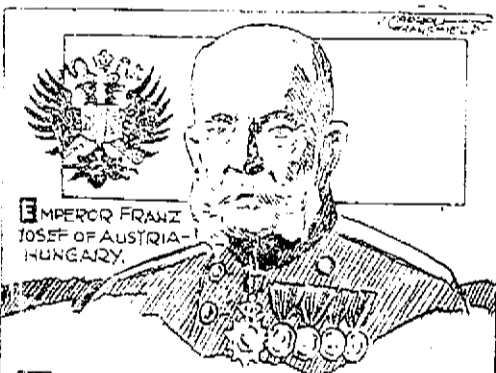

IN 1913 THE NATIONS OF EUROPE WERE LIVING IN A NIGHTMARE OF WARLIKE SUSPENSE. A SORT OF HYSTERIA HAD SEIZED UPON THEM. EACH BELIEVED THAT ITS VERY EXISTENCE WAS THREATENED BY JEALOUS RIVALS, AND THAT THE ONLY WAY TO BE SAFE WAS TO BE BETTER ARMED THAN ITS NEIGHBORS. SINCE ALMOST ALL OF THEM FELT THE SAME WAY, COMPETITIVE ARMING BECAME A MAD RACE WITH NOTHING BUT TROUBLE AHEAD.

THE BALKAN WARS OF 1912-1913 HAD THREATENED TO DRAW IN SOME OF THE GREAT POWERS, AND 1913 SAW THE CLIMAX IN WARLIKE PREPARATIONS. NATIONS INCREASED THE PEACE STRENGTH OF THEIR STANDING ARMIES, AND APPROPRIATED STAGGERING SUMS FOR ARMS, AMMUNITION, EQUIPMENT, FORTIFICATIONS, STRATEGIC RAILWAYS AND BATTLESHIPS.

THE DEFEAT OF TURKEY (THEN A SECRET ALLY OF GERMANY AND AUSTRIA) IN THE FIRST BALKAN WAR AND THE STRENGTHENING OF THE SLAVS IN SOUTHEASTERN EUROPE DISTURBED THE BALANCE OF POWER BETWEEN THE TWO GREAT EUROPEAN ALLIANCES (THE TRIPLE ALLIANCE AND THE TRIPLE ENTENTE), AND TIPPED THE SCALES TO FAVOR THE TRIPLE ENTENTE.

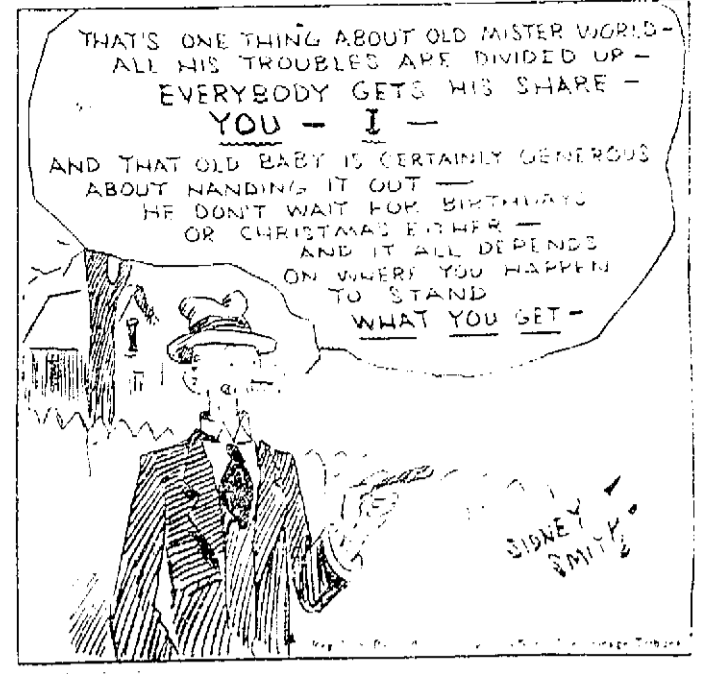

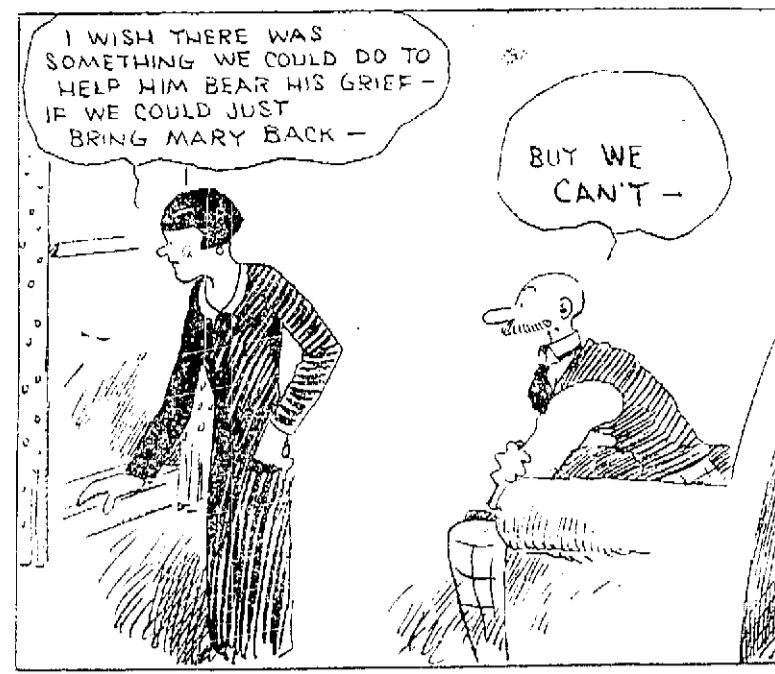

SERBIAN VICTORIES AND TERRITORIAL GAINS IN THE BALKAN WARS HAD THROWN AUSTRIA-HUNGARY INTO A PANIC. THE POWERFUL MILITARY CLIQUE IN VIENNA DECLARED THAT THE AMBITIOUS SERBS MUST BE CRUSHED BEFORE THEY COULD USE THEIR NEWLY ACQUIRED STRENGTH TO LIBERATE THE MILLIONS OF SLAVS LIVING UNDER AUSTRIAN RULE, AND SMASH THE DUAL MONARCHY.

Rocco Wins Decision From Johnny Risko

Captures Battle In Closing Rounds

Opens Up With Savage Attack And Slugs Risko To Head And Body

RECEIVES OFFER OF \$10,000 FOR GROSS

CLEVELAND, O., May 8.—(By Associated Press.)—Emmett Rocco, pugilist from Ellwood City, Pa., today stood a rung higher on the road to prominence in his class after outpointing Johnny Risko of Cleveland in a twelve round bout here last night.

Rocco, making a last minute switch, took the fight to the Cleveland fighter in three rounds, and Risko was out in the next three frames.

The first battle Risko has fought since his victory over Otto Von Porat, the bout was pretty even during the first three rounds. In the fourth, Risko stepped out and began hitting up a lead which carried him through the next three frames.

Rocco Opens Up
But Rocco took a notion to get out advancing himself and in the fifth he opened up a savage attack and pounded Risko with rights and lefts to the body, slugged at his head and evaded heavy rights the boxer boy started at his jaw.

In the last two rounds Rocco opened up again with both barrels and clearly had the advantage and the lead when the final gong rang.

Larry Brignone, of Erie, Pa., was a six-round prelim on a foul from Dr. Rames, Mexican welterweight, in the last frame when the Mexican dropped several low punches over and over the Erie boy from the ring in serious trouble.

(By CHARLES LANDOLF)
Cleveland, May 8.—Emmett Rocco, heavyweight of Ellwood City, last night upset the dope when he defeated Cleveland's boxer boy, Johnny Risko in a fast 12 round go. He came from behind in the closing rounds to win the decision of Referee Frankie Van.

After the fight Rocco was besieged with offers by high promoters. The first rounds of the fight were close. Up to the eighth the Cleveland heavyweight had an edge but, in the eighth Johnny appeared there. After the eighth Rocco commenced pounding Risko around the body, shot blows to the jaw and evaded long right that the boxer boy started for Rocco's jaw.

Lands Stiffest Blow
The hardest blow of the fight was landed by Rocco in the seventh when they fought near the ropes. During the exchange of blows Risko had an edge but when Rocco came back with a terrific right it connected with Risko's jaw and it proved one of the blows that helped turn the fight as Risko appeared tired in the eighth.

Rocco weighed 187 and Risko 194½. Rocco was in good shape and left the ring without a mark. According to scorecards Rocco took eight rounds, Risko two and two sessions were called even.

The Public Hall was crowded with 11,000 fans and before the main bout got away the doors were closed. It is estimated that 5,000 fans failed to get into the hall.

Up Among Leaders
Rocco's victory last night sets him among the leaders in the heavyweight class as Risko recently defeated Otto Von Porat in Boston.

One of the many offers made Rocco after the fight was one of \$10,000, to fight Johnny Grosse of New York. The offer carried the privilege of accepting 30 per cent of the gate receipts.

A large crowd of Ellwood City and New Castle fans followed Rocco to the fight and Rocco was given a great reception after he left the ring.

Two Church League Games On Thursday
Weather permitting, the New Castle Church League will have two games on tap for Thursday night, it was announced today by Henry MacNichols, president of the league.

The Central Presbyterians meet the First Baptist at Scotland Lane, with Rodgers as the umpire. The First Methodist meet the Wesley M. E. at Leigh Field with C. Reed the official.

It is announced that Washington, D. C., will have a million population within ten years. It contains the many people you if you count the jobhunters. The Jackson Citizen Patriot.

SORDS POINTS

Popular Jamieson Is Improving With Age

BY JACK SORDS
Central Press Sports Cartoonist-Writer

Charlie Jamieson, the Cleveland Indians veteran outfielder, is playing the best ball of his career this season. His hitting and fielding has been one of the bright spots of a losing team's play. Though great fielding is nothing unusual for him, his work at the bat has been a pleasant surprise for the many who have seen him.

GLADLEY JAMESON
CLEVELAND'S VETERAN BALL HAWK AND ONE OF THE MOST POPULAR PLAYERS WHO EVER WORE AN INDIAN UNIFORM

It did not take him long to regain his eye. Jamieson has been in the American League for 14 years and with the Indians since 1915. He came to Cleveland from the Athletics when Connie Mack "threw him in" for good measure with Larry Gardner and Elmer Myers for Bobby Roth.

Now with Gardner and Myers long since gone from the Indian lineup, Jamieson is playing the ball of his life and is one of the most popular players in Cleveland ever had.

As a reward for his long and faithful service the management has set aside May 11 as "Jamieson Day" in order that he may be honored as Lajone, Speaker, Burns and other famous Cleveland players have been.

Phil Daniels, manager of Goldstein, in a letter to the writer voices the belief that the Hebrew will knock out Davies. If "Golde" does it will be the first time, and before he does accomplish this he will have to fight and show a punch that none of these other high-class flyweights have shown.

Phil Daniels, manager of Goldstein, in a letter to the writer voices the belief that the Hebrew will knock out Davies. If "Golde" does it will be the first time, and before he does accomplish this he will have to fight and show a punch that none of these other high-class flyweights have shown.

Here's another scrap that may materialize—Jack King vs. Johnny Jennings. It appears that Shiek knocked out Jennings' brother-in-law at the old Armory and the southpaw wants to even up the score for the family's sake. This may and may not be true, but if they want to fight they can have the bout.

Shiek punched Bobby Coltrane blow for blow Monday night, and Jennings stepped up a notch by holding Young Corsey even. Not so long ago Corsey fought Kaiser, so it looks as though it will be Wampum vs. the South Side when these two step, and it is probable they may fight near Monday night.

There is only a pound and a half difference in their weight. Shiek has fought about five times and Jennings has gone to the wars about six times. They'll probably sign to fight at 135 pounds, and if their signatures can be garnered the fans will see a real scrap.

Wolga's Initiator Ready
Efforts are being made to match Al Jovino and Roy "Wolga" Minter. They were match for last week, but Roy hurt his hand. Roy's hand is in shape now, he says. Jovino is a tough, right southpaw. If all the fights materialize there'll be more action than in a three-ring circus.

The time for the fight has been changed to 8:45 p.m. Tickets will be on sale Wednesday night. As there will be no increase in popular prices the fans had best take out their reservations or they'll not find anything but standing room, as fans cannot see boys like Davies and Goldstein clash every day.

A new silk coat, with or without sleeves, is trimmed with a cape with double luffles. It is intended for wear with printed frocks. Enamel jewelry is newer than wooden for summer wear. It is, like wood, light in weight and is shown in sun tan colors.

Goldstein, New England Champ To Fight Davies

Stellar Flyweights To Battle Monday At Bowl; Freeman Takes On Martin; Romeo Pacelli And Kaiser Matched; King Willing If Jennings Is; Roy "Wolga" Minter Is Rarin' To Go; Looks Like Another Feast In Punch And Class.

By ED. FRITZ
Mr. and Mrs. Fan O'Boxing, cognomen for the gentlemen and ladies who like to have their permeate their systems and watch the men in fistic combat, should witness an exceptionally good top-notch battle at the Jolly Bowl Monday night as Willie Davies, marvel of Charleroi, and Harry Goldstein, flyweight champion of New England, clash in a 10-round bout. For class and action it should be the berries, and if there is a vacant seat in the bowl we'll have missed a guess.

We've seen dancing, prancing, good-looking Willie in action with the best flyweights in the world, and we have yet to see him make a showing unsatisfactory to his bitterest critics. When he boxed that wonderful Midland picked a human instead of a wolf. —The Trenton Evening News.

Phil Daniels, manager of Goldstein, in a letter to the writer voices the belief that the Hebrew will knock out Davies. If "Golde" does it will be the first time, and before he does accomplish this he will have to fight and show a punch that none of these other high-class flyweights have shown.

Davies fought Midget Wolga, Ernie Peters, Izzy Schwartz, Frisco Grande, Louis Carpenter, Marty Gold; in fact, all the big noises in the flyweight class, and he's going. Goldstein has boxed all the topnotchers and is a big attraction in Toronto and other places where flyweights furnish action every second.

The semi-final will bring together Nick Martin of Cleveland and Johnny Freeman, formerly of Salamanca, N. Y., and now of this city. Nick has won every bout he has had here and recently won from Bobby Green. It is reported, Freeman has knocked out Johnny Pini and is said to be a right smart looking big boy.

Two Good Punchers
They're 165-pounders and each is long on punch. The fans can expect a knockout. We sincerely believe that this fight will go about four or five rounds. Someone is going to be kissed on the breezy and the someone will be either Freeman or Martin. Freeman has boxed most of his bouts in Buffalo and Martin is going over good in C.eland.

Here comes a fight, a classic, a rock. Romeo Pacelli vs. Young Kaiser. They boxed here before. They had the fans wild. Forty-seven men got so excited they pulled what little hair they had left from their heads, and according to one story we heard, a feminine fan got so excited she tossed her hat into the air and lost it in the crowd.

Romeo has been training with Frankie Ross, who developed him. He is back with a determination to knock Kaiser loose from his moorings, then take on Alvie Miller. Kaiser wants to fight Miller, but before he can get the bout must dispose of someone like Romeo, so it looks as though they'll have something to fight for.

King Vs. Jennings?
Here's another scrap that may materialize—Jack King vs. Johnny Jennings. It appears that Shiek knocked out Jennings' brother-in-law at the old Armory and the southpaw wants to even up the score for the family's sake. This may and may not be true, but if they want to fight they can have the bout.

Shiek punched Bobby Coltrane blow for blow Monday night, and Jennings stepped up a notch by holding Young Corsey even. Not so long ago Corsey fought Kaiser, so it looks as though it will be Wampum vs. the South Side when these two step, and it is probable they may fight near Monday night.

There is only a pound and a half difference in their weight. Shiek has fought about five times and Jennings has gone to the wars about six times. They'll probably sign to fight at 135 pounds, and if their signatures can be garnered the fans will see a real scrap.

WESTMINSTER TO MEET ALLEGHENY

Dual Track Meet To Take Place At Meadville On Saturday

(Special To The News)
NEW WESTMINSTER, Pa., May 8.—Opening the season with a victory over the strong Grove City team has outbathed the Westminster College track squad for the meet with Allegheny at Meadville on Saturday of this week. All practice sessions will be pointed to the meeting with the Methodists, for Coach Hammett has a well-balanced team which will be hard to beat.

Allegheny is particularly strong in the same events as Westminster, the runs, while the Methodists are, like the United Presbyterians, only fair in the field events. For this reason another close meet is bound to result.

Paul Stewart, Sharon, one of the U. P. sprinters, was not able to compete against the Groves due to sinus trouble. It is hoped that he will be in shape for Saturday's meet. If so, Westminster will have five good sprinters in Reiber, Hemer, Osborne, Campbell, and Stewart.

Samuel Stewart, Louis Pereseny, Richard Fuller, Harold Forshe, Norman Holzapfel, and Charles Fulton are improving in the shot and discus, and should place Westminster in these events Saturday. This phase of activity was weak last Saturday at Grove City.

This afternoon will find the athletes in time trials in all running events. Monday and Tuesday practice sessions were in the nature of limbering up and jogging for stamina, but today's workouts will be for the practice sessions with taper off tomorrow with light workouts scheduled for Friday.

Westminster will leave by bus for Meadville early Saturday morning. The meet will be run off at Baker Field in the afternoon.

Field Meet Starts Today

High School Annual Track And Field Meet To Get Underway This Afternoon

This afternoon at Franklin Field, New Castle high school's annual inter-class field and track meet will be started according to Ralph H. Gardner, who is faculty manager of athletes at the high school.

The following events will be held this afternoon: 100 yard dash, shot put, 120 yard high hurdles, the distance throw, and the javelin throw. Whether the classes will be divided into Sophomore A, and B, Junior A, and B, and Senior A, and B has not been decided. The number of contestants from each class will determine whether the classes will be divided or named Sophomores, Juniors, and Seniors.

The meet will be made up of 14 events which will be held on Wednesday, Thursday, and Friday afternoon. The meet will end on Friday afternoon.

The Soviet government is chafing so steadily that it might be difficult for Uncle Sam to recognize it if he tried. —The Butte Montana Standard.

In charge of the meet will be a group of track men from Shippert Rock Teachers College. This same group managed the meet during the past year. The head of the group has asked that each county school principal and coach act as a committee of one to see that the grounds are kept free from spectators while the events are taking place.

Cups and medals have been secured and school and individual winners in the various events will receive handsome awards.

County Track Meet Held Here Saturday

Class B Schools Annual Field And Track Meet Occurs Saturday In City

Meet Starts At 12:30 Daylight Time At Ben Franklin Field

With Old Sol willing, and all other things being equal, the annual field and track meet of the Lawrence county class B schools will occur Saturday afternoon at the Ben Franklin junior high school athletic field of this city. The meeting, according to the announcement of the county athletic committee, will begin promptly at 12:30 o'clock daylight, Saturday.

Registration of the various school team entrants will start at 10:30 and Prof. Winters, Herbert, Olson and Anderson will be at the field to take care of this phase of the meet.

As is the custom, there will again be three distinct classes, A, B and C. The meet will include all of the events of the county track meet, including events, runs, dashes, and relay.

Smart Gifts
for Mothers of
Modern Tastes

"What did you bring me, mother?" Remember the hundreds of times you asked that question? No matter where she went, you always expected her to bring some little trinket for you. And mother never forgot. Now it's our turn to show mother this same thoughtfulness.

In this day, when mothers look as young as their daughters, a subtle note of flattery lies beneath the gift of a well-chosen costume accessory.

Here you may choose a silk undergarment, gloves, a pastel georgette scarf, a long chain of pearls and crystals, new hosiery—any of which would make a perfect gift for mother.

NEW CASTLE DRY GOODS CO.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Out of the fifty odd thousand citizens in this city of ours, it is doubtful if there are eighteen who, if pressed, wouldn't break down and admit that they knew more about running the street department than the men charged with the work.

is paid up so the right to participate in the best known indoor and outdoor sport is clear.

For some reason or other the frost seems to have gotten under the brick streets more than usual in the past winter, and as a result there are bricks sticking out three or four inches. Highland avenue is one example and I've been wondering if it wouldn't be the part of economy to put them back in?

Several days ago the urge to squawk about Mercer street was almost irresistible. The day was wet, the tar on the bricks was slippery. Result, One tire slipped, one tie rod bent, and the car has a shimmy ever since.

Not a word about the circus today that were you there?

Amos had the calendar turned on five or six months last night. Talked to Ralph Gardner for a while and although there was a circus in town, although baseball is just getting under way, although summer sports are not yet fully out of the woods, Ralph

could talk only one subject, football.

The gentleman has the sport imbedded in his brain and his heart. Being a bachelor he has time to give it, and does. In his mind last night he was figuring up what the reunion, if it comes, should be from some of the larger games of the season and between the two of us, we had the season of 1929 tucked away in mothballs.

When the day comes for Gardner to pass along to the Valhalla of Football Men, his friends will hardly send flowers. A wreath of cleated football shoes, with a few sprays of wild touchdowns will be appropriate. And when he arrives in the other world the chances are he will ask line privileges, or a seat on the players' bench.

You may have noticed that the Festival Chorus is holding its annual musical event next week. Whatever your favorite type of music is you can afford to attend this. A city this size needs a community chorus, and the Festival Chorus fills that need.

Mark off one of the evenings now and boost the project along a bit.

While we have a half Nelson on music, it might be well to mention that Apollo Club is considering a reunion. Now customers, there was a glue club. That outfit had the best voices and the largest appetites of any male musical organization in this part of the western hemisphere. The rule about singing on a full stomach was never observed by them. Singing and eating were hand maidens of each other, and when they were doing one they were thinking of the other.

Just a few more laws and the national bird will be the jailbird.

Titusville Youth Held For Court In Death By Machine

International News Service, TITUSVILLE, Fla., May 8.—After being virtually freed by a grand jury here Monday, Ray Somme, 40, of Titusville, today was held again for the September grand jury on charges of murder and involuntary manslaughter. The grand jury first failed to re-

turn a true bill against Somme. But late Tuesday he was ordered held for the September term of the criminal court after District Attorney Otto Herbs, appealed to Judge U. P. Rowster against the decision of the jury. Herbs told the court that all the witnesses in the case had not been heard and Judge Rowster ordered it restored to its former status.

Somme was held on three counts—murder, manslaughter and failure to stop at the scene of an accident in connection with the death, early this year, of Edward Briggs of Waterford.
